NUMBER 147

SUPREME COURT ORDERS NEW TRIAL IN KILLING CASE

Judge Bell Affirmed In
Case Of Allen vs. Buf-
falo, Rochester & Pitts-
burgh Railway Co.

VERDICT FOR \$5,200

Philadelphia, Pa., June 24.—The following decisions were handed down today by the Supreme Court of Pennsylvania: Clearfield, C. F. Allen vs. Buffalo, Rochester & Pittsburgh Railway Company, appellant. Judgment affirmed. Clearfield, C. P. Kelley vs. Director General of Railroads, Appellant. Judgment reversed, and new trial ordered.

These two cases were tried in the Clearfield County Courts in September, 1921. The Allen case grew out of the injury to a DuBois boy at a grade crossing of the B. & P. Railway in that city. The jury rendered a verdict in favor of the plaintiff for \$6700. This the Court cut down to \$5200. The case was handled by John C. Arnold and H. A. Murray for the plaintiff and Miller and Hartzwick for the railroad company.

The Kelley case grew out of the killing of the late Woody Kelley and Dr. Joseph Kallibus of the State Game Commission at a Pennsylvania Railroad grade crossing near Warren. This case in which John C. Arnold and J. A. Gleason represented the plaintiff and O'Laughlin, Fenerty and Kelley the railroad company, resulted in a verdict for the plaintiff in the sum of \$10,000.

JUDGE LANGHAM IS IN LINE FOR FEDERAL POST

It was rumored in Federal Building yesterday that Judge J. N. Langham of Indiana, Pa., would receive the appointment as Federal Judge etc. succeeded the late Charles P. Orr. Judge Langham's name has been mentioned several times and since Attorney Lee C. Beatty refused the office the chances of Judge Langham receiving the appointment are good, it is said.

Judge Langham is not a stranger to local attorneys as he has assisted the judges of the Allegheny county courts in conducting criminal cases. Judge Langham is 57 years old and is a Republican.

WISOR IS WISER AND IRVIN WILL "ERR" NO MORE

A drunken Ford reeled crazily up Third street last night right under the eyes of Mayor Killeberger. The Mayor hopped to a telephone and soon had Chief McMullen and Officer Woolridge on the trail. The reeling Ford was chased to Locust street, where it was found to be populated by two young men named Wisor and Irvin and the remains of a quart of robust moonshine.

The party was trundled to the lock-up where the Mayor, after lecturing the prisoners on the evils of operating an automobile while under the influence of moonshine assessed each man \$12. They were both wiser when they departed for Long Run.

WON THE PRIZE

Miss Dorothy Cowdrick won the prize for selling the most tickets for "Springtime" and will receive five chances on the Franklin car to be given away on July 4th by the Legion.

Messrs. A. Wright Bigler, H. P. Burns and Dr. F. D. Leipold of Clearfield, F. F. Kramp, of Madra and David Bell, of Bells Landing left today for the oil fields of Oklahoma to inspect the new wells that recently came in on the Oakfield Co's property in which they and other Clearfield business men are interested. The results of the recent tests on this property have been very gratifying to the stockholders and the above named gentlemen expect to arrange for further development.

MINISTER RATHENAU ASSASSIN'S VICTIM ON WAY TO OFFICE

Berlin, Germany, June 24.—Walter Rathenau, Minister of Foreign Affairs, was killed today by an assassin who threw a hand grenade and then opened fire with a revolver. The assassin escaped. The attack occurred in the Bismarckstrasse just after Rathenau had left his home in Grunewald on his way to his office.

William Rockefeller, Brother Of John D., Dies Of Pneumonia

North Tarrytown, N. Y., June 24.—William Rockefeller, brother of John D. Rockefeller, died of pneumonia here today. He had been ill only a week. Five physicians were in attendance when Rockefeller, one of the richest men in the world, expired at his home, Rockwood Hall, only a short distance from the home of his brother at Pocantico Hills. Many members of the Rockefeller family were at his bedside when the end came. Pneumonia developed from a cold contracted during the rainy weather which prevailed a short time ago. Mr. Rockefeller was 81 years old, two years younger than John D. and despite his great age fought hard for his life. At the time he was taken ill William Rockefeller was engaged in building a \$250,000 mausoleum in Sleepy Hollow Cemetery after his own plans and under his own direction.

SUNDAY SCHOOL CLASS PICNICKED

Mrs. Aikley's Sunday School Class of the Eleventh Street M. E. church, held a delightful picnic yesterday at Camp Golden Rod. All report a wonderful time.

JOHN A. BELL MAKES FULL EXPLANATION OF "CHECK TRADING" WITH TREASURES

Says It Was For Worthy Purpose And He Would Do The Same Thing Again In Similar Circumstances.

OFFERED TO PAY INTEREST

Pittsburgh, Pa., June 23.—John A. Bell, president of the Colonial Trust company and leader of one of the great financial groups of Western Pennsylvania, today outlined to a correspondent his connection with the revolving fund operation with state funds by Harmon M. Kephart, former State Treasurer.

In his narrative, Mr. Bell disclosed that he had offered to pay the Commonwealth the total amount of interest due on the State funds withheld from deposit by Mr. Kephart. He said he made such an offer to the fiscal officers of the State, they refused to permit him to do so, because they held he was not responsible for the loss.

Mr. Bell's offer to reimburse the Commonwealth was used in the fact that the Carnegie Trust Company of which he also is president, profited by Kephart's delay in depositing the checks sent to the State Treasury by the Allegheny County Treasurer.

It has been estimated by expert accountants that the State has lost approximately \$11,000 in interest through the operations of Mr. Kephart's revolving fund. Mr. Bell offered to make that or any other amount due the Commonwealth good by his personal check but the fiscal officers of the State took the position of the person primarily responsible for withholding Allegheny County tax payments from deposit was responsible for the Commonwealth's pecuniary loss.

Why He Agreed To Plan

Mr. Bell, who a short time ago was

FIFTEEN HUNDRED ALTOONA WORKERS WILL PICNIC HERE

Special Trains Carrying
Multitude Headed by a
Brass Band Will Come
Here Next Wednesday.

GLAD TO HAVE YOU

The name and fame of Clearfield's park is spreading throughout the centre of the State and those who visit it once are sure to come back. Rarely a day that there are not basket picnics or family gatherings in the park this summer and the popularity of the beauty spot is increasing.

Last summer the railroad workers of Altoona came over in special trains to enjoy the day here and so pleased were they with the wonderful little nature spot in this city that they are coming back this year. Last week Mr. A. W. Leitzinger, who looks after the bookings of the park received a request from the picnic committee of the Altoona railroad men for the use of the park on Wednesday, June 28th, and of course the request was very promptly and courteously granted. Thursday he received word from them that they certainly would be here, headed by a brass band and carrying their own ball team and other amusements.

The special trains bringing the crowd, which the committee says, will no doubt reach fifteen hundred, will reach here about ten or eleven o'clock but the exact time of arrival will be better known in a few days, and Clearfield organizations should be on hand to extend a welcome and what ever courtesies that will make their visit pleasant and enjoyable. They will have considerable luggage and it would be a fine thing if Clearfield would transport it to the park for them and make them feel at home. There will be mothers with children, who would appreciate a lift over to the park.

World it not be a good thing for the presidents of the Rotary and Commercial clubs to get together and work out a little system to properly greet these visitors to our city?

GOV. SMALL ORDERS INVESTIGATION

Harris, Ill., June 24. A military board of investigation headed by Attorney General M. J. Forman arrived here today with instructions from Governor Len Small to investigate the bloody Williamson County mine massacre. The board will report to the Governor on whether there is any need for troops to preserve order. A total of twenty-two lives were taken in the massacre. County authorities promised to co-operate with the investigators, but the general attitude of local authorities was that none of the guilty could ever be apprehended.

WU TING FANG DIES IN FLIGHT IS TODAY'S REPORT

Shanghai, June 23.—Wu Ting Fang, former minister to Washington, more recently foreign minister for Sun Yat-Sen in the deposed Southern Republic government at Canton, died at Canton this morning according to a Reuters dispatch.

Wu, an outstanding leader in the politics and jurisprudence of China for many years, remained, at last reports, loyal to Sun Yat-Sen and was believed to have fled Canton with the deposed South China president. The Reuters dispatch gave no details.

Dr. Wu was active in the formation of the Canton government and, as one of its officials, signed the protest which went to Washington accusing Japan of having fomented civil war in China. He worked hard but without marked success to bring the north and south governments in 1919 and 1920.

SPECIAL DEPT AT PRESBYTERIAN CHURCH

The morning service of the Presbyterian church will be featured by a duet by Jean Harbo and Clara Howard Brown. The former title will be "Without God's Presence" and the evening "How a Battle Was Won."

Harvey's Son-in-Law Indicted

Colonel Marcellus Thompson, indicted on a charge of conspiring to ship machine guns to Irish rebels, has pleaded not guilty to the indictment at Newark, N. J. Col. Thompson, son-in-law of Col. George Harvey, U. S. ambassador to Great Britain, is shown on the right examining a new machine gun invented by his father, General John P. Thompson.

AUTHORITIES TAKE DRASTIC ACTION TO PREVENT TROUBLE IN W. VA. DISTRICT

Clarksburg, West Va., June 24.—This coal mining center armed itself today in anticipation of further trouble between striking miners and strike breakers. Sheriff Young said that members of the Veterans of Foreign Wars and civic bodies, numbering less than five hundred, have voluntarily pledged themselves to prevent further bloodshed, such as occurred on Friday when a mob attacked a street car here. The entire community is aroused, Sheriff Young said, and we are determined that the County Court has authorized the Sheriff to deputize 1500 men if necessary to prevent further clashes. Coal operators seek to have injunctions granted Monday to prevent further interference with working miners.

GOV. SMALL ORDERS INVESTIGATION

Harris, Ill., June 24. A military board of investigation headed by Attorney General M. J. Forman arrived here today with instructions from Governor Len Small to investigate the bloody Williamson County mine massacre. The board will report to the Governor on whether there is any need for troops to preserve order. A total of twenty-two lives were taken in the massacre. County authorities promised to co-operate with the investigators, but the general attitude of local authorities was that none of the guilty could ever be apprehended.

WU TING FANG DIES IN FLIGHT IS TODAY'S REPORT

Shanghai, June 23.—Wu Ting Fang, former minister to Washington, more recently foreign minister for Sun Yat-Sen in the deposed Southern Republic government at Canton, died at Canton this morning according to a Reuters dispatch.

Wu, an outstanding leader in the politics and jurisprudence of China for many years, remained, at last reports, loyal to Sun Yat-Sen and was believed to have fled Canton with the deposed South China president. The Reuters dispatch gave no details.

SPECIAL DEPT AT PRESBYTERIAN CHURCH

The morning service of the Presbyterian church will be featured by a duet by Jean Harbo and Clara Howard Brown. The former title will be "Without God's Presence" and the evening "How a Battle Was Won."

Clearfield Scorns Red Coats for Bank Messengers, but Urges Purple for Bootleggers

Red is radical and Clearfield is conservative; therefore local bankers turn a cold shoulder to the proposal of Wall Street financiers that bank messengers be dressed in scarlet coats so police can identify and protect them.

BROWN BOOT SHOP WILL BE OPENED IN PHILIPSBURG

Fred J. Brown, of the Brown Boot Shops, with stores in Clearfield, DuBois, Pottsville, Indiana and Bradock, is arranging to add one more link to his chain of stores and in a few weeks will have store No. 7 in operation in the town of Philipsburg. Mr. Brown has purchased the Coal Exchange hotel property in that town from George Miller and will convert the first floor of same into an up-to-date business house. In sneaking of the deal the Philipsburg Journal of Friday evening says:

Mr. Brown, at the earliest possible date, will open a shoe store in his newly purchased property.

The building will be vacated by Mr. Miller and family by July 15th. It will then be extensively remodeled. The first floor is to be dropped to the street level, the partitions torn out and the entire first story, 36 by 70 feet, with a new addition to be erected in the rear, will be used as a sales and stock room. The new store, it is said, will carry an immense stock embracing all kinds of footwear with styles, qualities and prices to suit all kinds of people with their various tastes and purchasing power and limitations. The plan is to make the store a retail market for shoe buyers throughout the Philipsburg coal region.

The second and third floors of the building will be converted into apartments.

REV. WILBURN IS FOUND GUILTY IN SECOND DEGREE

Charleston, W. Va., June 23.—The Rev. J. E. Wilburn, charged with fatally shooting a Logan deputy in the miner's march last August in the southern coal fields, tonight was found guilty of murder in the second degree by a jury.

The jury was out for one hour and 35 minutes. The defendant, who has remained unmoved during the two weeks of his trial, received the verdict in the same calm manner that has marked his bearing during the past two weeks. His attitude was one almost of indifference.

BUSINESS MEN PLANNING TO MAKE FOURTH PARADE BETTER THAN EVER; SIXTY-FIVE ENTRIES HAVE SO FAR BEEN RECEIVED

One of the big features of the American Legion's Big Fourth of July celebration for Clearfield will be the industrial parade which aims to show to the people of this section of Pennsylvania who will attend that celebration just what constitutes our community from a business standpoint and just what it is and who it is that makes our little city one of the busiest and most substantial municipalities in Pennsylvania.

The industrial parade, it will be recalled, was the real feature of last year's celebration, and that time but thirty-six of our leading business houses and industrial concerns were represented. This year the committee in charge report no less than sixty-three entries and expect many more before the list closes.

Handsome Prizes To Be Given

The Legion has arranged for three handsome prizes to be awarded the best appearing floats. They will be awarded as follows:

A silver loving cup will be given to the most beautiful float in line. All floats representing business or industrial firms are eligible to compete for this prize.

A silver loving cup will be given for the float or exhibition that contains the best advertising features that are appropriate to the business place it represents. All floats representing business or industrial firms are eligible to compete for this cup.

A silver loving cup will be given to the Club, Society or Fraternal Organization that has the best float or exhibition in the parade. In determining the winner of this prize, the judges will take into consideration beauty, originality and whether or not the float or exhibition is appropriate to the fraternal organization, club or society that it represents.

List of Entries To Date
Below is printed a complete list of all the industrial and business organizations and societies that have signified their intention of entering a float in this year's parade.

In case there are any omissions or corrections kindly notify the American Legion Parade Committee by card or calling the Legion room, phone 1883.

It is hoped that a few of the business places that could not give the parade committee a definite answer concerning whether or not they would have a float in the parade, will be able to call and let them know at this time.

REMARKABLE ESCAPE FOR AUTOIST HELD UNDER CAR IN WATER

Held under nine feet of water for three minutes by an overturned car was the frightful experience of Joe Gallo of South Bethlehem when his car plunged into the South Side mill race at 8 o'clock Sunday night.

Gallo, who was driving a Buick car, was accompanied by Bob Goheen. They were making the established detour around the mill race and when approaching the bridge at the West Penn power house, the car struck a rut and turned turtle into the race, pinning Gallo underneath. Goheen got free of the machine and swam to shore.

Glenn Shumaker, who is employed at the power house, heard the smash and securing a long-handled rake, extended it to Gallo who was making frantic efforts to release himself from underneath the car. He was still conscious and, taking a firm hold on the rake, he was pulled to safety. Dr. J. A. Robinson was passing at the moment and stonned to give aid but artificial respiration was not necessary and after a few dazed minutes Gallo was able to be taken home.

SPECIAL SUNDAY

AT MT. ZION

Tomorrow afternoon a Company of Gospel workers will visit Mt. Zion, where special religious services are arranged. The entire Mt. Zion community is deeply interested in the program for this gathering.

HYDE CITY PEOPLE PLEAD FOR RIGHTS ON PUBLIC ROADS

Hyd. City residents are complaining bitterly of the way automobile drivers and speeding and otherwise violating the State laws governing the operation of motor vehicles on the public highway. The people of that section are required to use the State Road as a footwalk, there being no other provision for pedestrians to travel through the village and while we know there are a whole lot of auto drivers who feel a pedestrian is a trespasser on the public highway the poor meek and lowly foot walker has a right to be "tooted" aside rather than catapulted off the road by a fast running automobile.

The State authorities have been appealed to and an organized effort will be made to slow down traffic to a decent pace through this village.

Arson Burglars Terrorize L. I. Residential Section; Loot, Then Burn Homes

Delport, N. Y., June 24.—Arson burglars today terrorized the exclusive residential section of Long Island where many millionaires, Judges and business men have their summer homes. The residence of Dr. Philip D. Becker has been burned by the burglars, after they had looted it and isolated it by cutting the telephone wires.

— OF ALL SORTS —

SPORT BULLETIN OF COMMUNITY SERVICE TO WISE YOU UP

The games of the last two weeks have brought some changes in the standings of the base ball teams in the Community Service Sunday School leagues, which is now as follows:

SENIOR LEAGUE			
	Won	Lost	
W. S. M. E. Brotherhood	4	0	1,000
W. S. C. I. C. Team	2	2	500
Lutherans	1	1	500
Presbyterians	4	4	000
JUNIOR LEAGUE			
St. Francis	3	1	750
West Side M. E.	2	2	500
Presbyterians	1	1	500
Trinity M. E.	0	2	000

The following is next week's schedule:

SENIOR LEAGUE			
Tuesday, June 27th, 6 p. m.	West Side M. E. Brotherhood Team	vs.	Lutherans
Thursday, June 29th, 6 p. m.	West Side M. E. C. I. C. s.	vs.	Presbyterians
JUNIOR LEAGUE			
Tuesday, June 27th, 4:30 p. m.	West Side M. E. Brotherhood Team	vs.	Lutherans
Thursday, June 29th, 6 p. m.	West Side M. E. C. I. C. s.	vs.	Presbyterians

This last game will be played as part of the attractions of Kiddies Day. All of the above games will be played at the Driving Park.

In the Community Service Twilight League the American Legion Team scored a one sided victory over the Odd Fellows, who were playing their first game together yesterday at the Park. The schedule for that league next week is as follows:

Monday, June 26th, on Reedsville Grounds, 6 p. m.	Odd Fellows vs. Gearhart's Knitting Machine Co. Team.
Wednesday, June 28th, on Reedsville Grounds, 6 p. m.	Knight's of Columbus vs. Reedsville Indians.
Friday, June 30th, Driving Park, 6 p. m.	Red Mer vs. American Legion.

The lower diamond at the Driving Park will be not in shape for playing within a week, so that games in the above leagues can be played there on the evenings when the Legion team is practicing on the main diamond. Until then it is going to be necessary to play two of these games each week on the Reedsville diamond.

No Charge!

There are a lot of things we do here at no charge, without regard to whether your battery is a Willard or not.

There are other things, such as repairs, recharging and so on, that we have to charge for, but even with them, we throw in a good measure of service that we never ask you to pay for.

We're Battery Headquarters—and we give the same careful attention to all makes of batteries. Come in, and get acquainted.

BRINGING UP FATHER

McCarty's

Do you know there is no Ice Cream just quite so good as McCarty's? For it is made of the finest materials and coupled with thirty years of experience. Besides it has that fine, sweet, creamy taste.

McCarty's
"The House of Quality"

New Barnyard Golf Courts

Clearfield, June 23, 1922.—Horse Shoe Editor The Progress: Work on a new horse shoe and quoit court was begun today on the Community play ground at the corner of 4th and Reed Sts. by the employees of Clearfield Machine Shops, which when completed, which will be in a few days, will be the finest in town. There will be four separate courts, regulation distance, and as Mr. Reed has promised the necessary lighting facilities this will be the ideal place to enjoy this popular pastime.

The Machine Shops has a number of pitchers who "toss a mighty wicked shoe" but have been somewhat handicapped on account of not having a good court on which to practice, but with a little work out on the new courts will be ready and anxious to tackle anything that ever sighted through a horse shoe—from the top-notchers clear on down the line to the Progress team. Please print a set of rules for quoit pitching and we will show you some "pitchin' what is pitchin'."

S. B. S.

A. Ghost Story

Just before this building collapsed in Buffalo, N. Y., Louise Miller, a tenant, warned the 20 occupants to get out, saying the ghost of her soldier brother had warned her of the danger. The occupants left the building and none were injured.

Special at your dealer's

Lemon-CRUSH sherbet

A delicious dinner dessert! The rare refreshment of cooling Sherbet plus the tempting tang of Lemon-Crush. An especially-prepared sherbet flavor furnished by the makers of the famous "Crush" beverages. If you're entertaining this week, delight your guests by serving this Special Sherbet. Young and old will welcome it. Order from your dealer. He will promptly supply you.

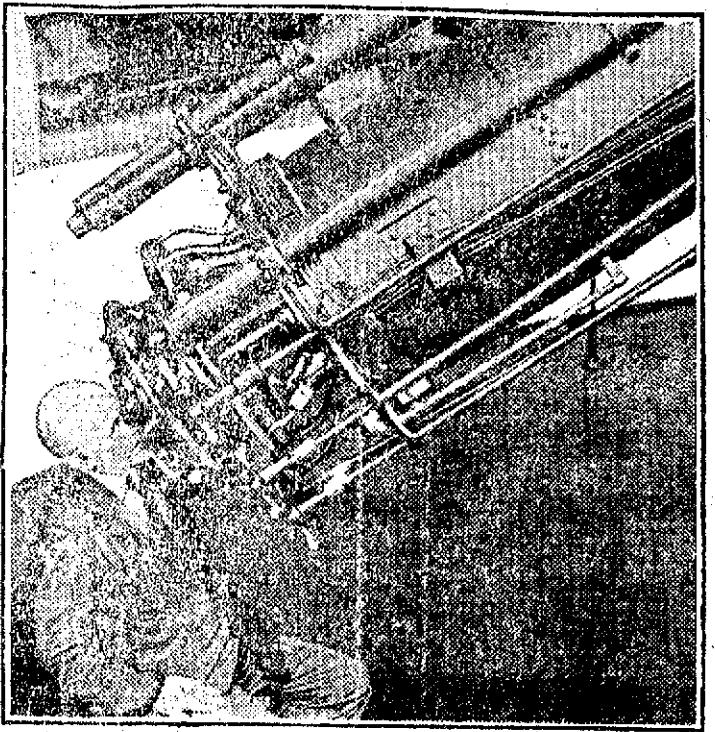

Keystone Ice Cream Co.

Licensed in this territory to make genuine Orange-Crush, Lemon-Crush and Lime-Crush ice creams, ices and sherbets.

The "Crush" flavors are delicious compounds of fruit oils and fruit juices obtained from oranges, lemons or limes, U. S. certified food color and pure cane sugar.

Prepared only by Orange-Crush Company, Chicago, Winnipeg, London.

White Spots on Mars Turn Green

Professor Hall, astronomer at the U. S. Naval Observatory near Washington, D. C., takes a peep at Mars through the gigantic telescope. He says the only recent change in the planet is that white spots previously seen have turned green.

History of Bread Making.
It is said that the Chinese made bread from wheat and rice as early as 1000 B. C. Probably the first bread made from yeast was baked in England about 1631. Aerated bread, which rises from carbonic acid gas injected into the dough, became somewhat common in 1837, but practically all bread, bakery-made or home-made, owes its leavening to yeast or baking powder.

Timber Preservative.
In some of the Western mines the water that is pumped from the mine contains a considerable amount of copper sulphate, and experiments have shown that this acts as a preservative in protecting the mine timbers against decay. Timbers which have been allowed to soak in this mine water for two or three weeks, sometimes outlast three sets of untreated timbers.—Popular Mechanics Magazine.

Fordson THE UNIVERSAL TRACTOR

Henry Ford

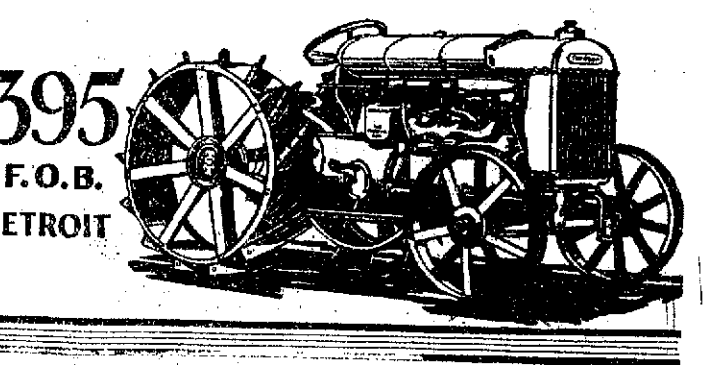

HENRY FORD was 35 years getting ready for the new price on the Fordson. He started as a farm boy, planning to get rid of the drudgery, long hours and low money return that has always faced the farmer.

He wanted to furnish you with a tractor that would not only do your work better and faster, but at lower costs—and the 170,000 Fordsons now in use have proved that he has accomplished these things.

What you get in the Fordson for \$395 f. o. b. Detroit is the greatest farm power unit ever offered.

Let us show you how a Fordson will cut farm costs, increase your bank account and take the drudgery out of farm work. Write, phone or call.

Being Sure About Milk Is The One Thing To Assure Yourself Of These Warm Days

Of course you're drinking milk and probably more than you have drank for a long time. And as the summer gets right under way you want to be sure that the milk that yourself and your kiddies drink is the purest you can find.

Such a milk is the milk that we are daily serving to our customers. It comes from farms where the producer takes care that the nutriment is of a high order. As soon as the milk reaches our plant it undergoes the pasteurization process, which does away with all the germs.

THE MAN WITH DOUBLE BRAIN

Hayward Thompson, Memory Shocked During World War, Writes With Both Hands.

The majority of us do well to write legibly with either of our hands, but when a man is found who can write with both hands simultaneously, and more than that—when he can write forward with one hand and backward with the other, it is evident that he has a perfect right to the title of "Mystery Man." Hayward Thompson, an ex-service man in Denver, Colo., is just such a man. Due to a severe injury to his head, received during the war, he has what is known as a "double brain." One side of this brain directs the writing of one hand while the other side governs the other hand.

Thompson's memory reaches back only to the time when he left a hospital some months ago. He remembers nothing of his life before that time. It was through the veterans' bureau that he established his identity as Hayward Thompson. Of his family, former friends, his work and home before the war and his activities during the war, he has been able to learn nothing. The veterans' bureau and the Colorado department of the American Legion have been making every effort to help Thompson learn of his past.

THE REAL UNKNOWN SOLDIER

Child of Streets, Picked Up by Kind-hearted Brothers, Never Knew Who He Was.

Tragic though the story is of a soldier whose identity was lost after his life had gone out on the field of battle and whose cross in Flanders simply says, "Unknown Soldier," his story is not shot through with such pathetic glory as is the story of a lad who never knew who he was and who gave his life for a country in which he had never known a mother's love or a father's pride. Every mother who does not know just where her son is buried, weeps over the grave of the unknown soldier, thinking that perhaps he is her son. Over the grave of the boy who has always been unknown there are no mourners.

A tiny bundle of humanity was picked up in a Baltimore street some twenty years ago; it was a baby boy. When after a thorough search, no one was found who would claim him, he was taken to be reared by two brothers, who gave him the name of Edward John Evangelist Smith. When he was old enough, they sent him to Mount Saint Mary's school to be educated. In 1917, before the boy's education was finished, a Marine recruiting officer visited Mount Saint Mary's. His story of the country's need for men caused "Smith," as he had come to be known, to enlist. He went overseas and took part in every engagement in which the Fifth regiment of marines participated. On the morning on which the armistice was signed, one of the last German bullets flying whirled "Smithy" as his victim.

WOUNDED ON ARMISTICE DAY

Buckeye Naval Officer Holds Distinction of Being Injured in Action After Close of War.

O. O. Rolf of Toledo, O., holds the unique distinction of being a United States naval officer wounded in action after the signing of the armistice which closed the World War. As a naval lieutenant and executive officer of a merchant ship, Rolf was severely wounded when his ship was fired on by a German submarine as it left La Palis, France, on the afternoon of November 11, 1918.

After several months in hospitals in England and on the continent, Rolf returned to America and resumed the practice of law in Toledo.

Soldiers Classed With Idiots.
Soldiers and sailors, along with felons, idiots and insane people are denied the right of suffrage in certain states of the Union. It is pointed out by a writer in the American Legion Weekly. He quotes from the World Almanac, which says that because of their occupation, soldiers and sailors are not allowed to vote in the following states: Indiana, Missouri, Nebraska, North Dakota, Ohio, Oregon, Texas and West Virginia.

Few Suicides in Ireland.
Ireland is said to have fewer suicides than any other country.

ODDS AND ENDS AND THINGS

By J. D. C.

The War Department has recently announced that the Citizens Military Training Camps will be held this summer. The camps of the Third Corps Area will be established from July 27th to August 26th, both dates inclusive, at Camp Meade, Md., Fort Monroe, Va., Camp Humphries, Va., Camp Holabird, Md., and Langley Field, Va.

It is not entirely with a military purpose in view that Congress has appropriated money for the maintenance of these camps. Studies upon a group of 2,500,000 young men between the ages of 18 and 30 years, disclosed the fact that 408 per 1000 presented physical defects. Some 60,000 examined in Maryland present 526 out of each 1,000 not sound. It was realized that the effect upon the social and industrial life of the nation would be momentous should this condition be allowed to continue and passed on to the coming generations. Particularly was this fact important, as the survey showed 70% of the existing physical defects may have been prevented and much of the same be arrested or corrected even now, through personal hygiene, development exercises, or minor medical treatment.

A schedule of instruction has been carefully mapped and the best talent of the army placed in charge of the camps. Four hours each week day will be devoted to drill, field maneuvers, setting up exercises, range practice, use of modern signalling devices (including the wireless telephone, etc.) There will also be spectacular demonstrations of all arms of the service, by Tanks, Artillery, Cavalry and of the Air Service. Motion pictures will be utilized as method of instruction, showing the activities of the war zone. The afternoons will be spent in supervising athletics and will include field sports, baseball, swimming, tennis, etc.

No angle through which the youths attending may be improved mentally, physically or morally, will be neglected. Each individual is given a careful and thorough physical survey his parents or guardian notified by letter of any defect and the means of correction advised by a board of the ablest specialists of the Army Medical Corps. If defective he is placed in a special class for development treatment and his exercise graded according to his ability. He is fed by especially trained officers with especially provided and carefully selected diet. His work and his play is supervised by medical officers and his moral tone is looked after by red blooded chaplains. He retires early in well ventilated and sanitary barracks. He is taught neatness, and acquires an ability to look out for himself, his employer, and family through the fact that he will do what his boss (twenty years in the business) tells him to do.

The Government pays his railroad fare, clothes and feeds him the best. He is given opportunity to take side trips to points of interest within the vicinity of his camp. If he did hap-

pen to get sick he gets the care that only the very best and most expensive hospitals could give. In the 1487 youths at Camp Meade last summer there was not one serious case of illness or one single accident during their stay in camp. But they do average a gain in weight of 4 1-2 pounds and slightly less than one inch in chest measurement.

Many letters from grateful parents have been received by the authorities and it is regretted that many of those who will apply must be rejected by reason of the limited number the camps will be able to care for. Application should be made to the Commanding General, Third Corps Area, Baltimore, Maryland.

"The war between the States was deliberately and personally conceived and its inauguration made by President Lincoln and he was personally responsible for forcing the war upon the South, declared a report submitted today by the Historical Committee and unanimously adopted by the United Confederate Veterans.

The report recommended that a history written by Colonel Huger W. Johnston, of Curryville, Ga., and published by Miss Mildred Rutherford, of Athens, Ga., be used in the Southern schools. The text of the committee's report reads as follows:

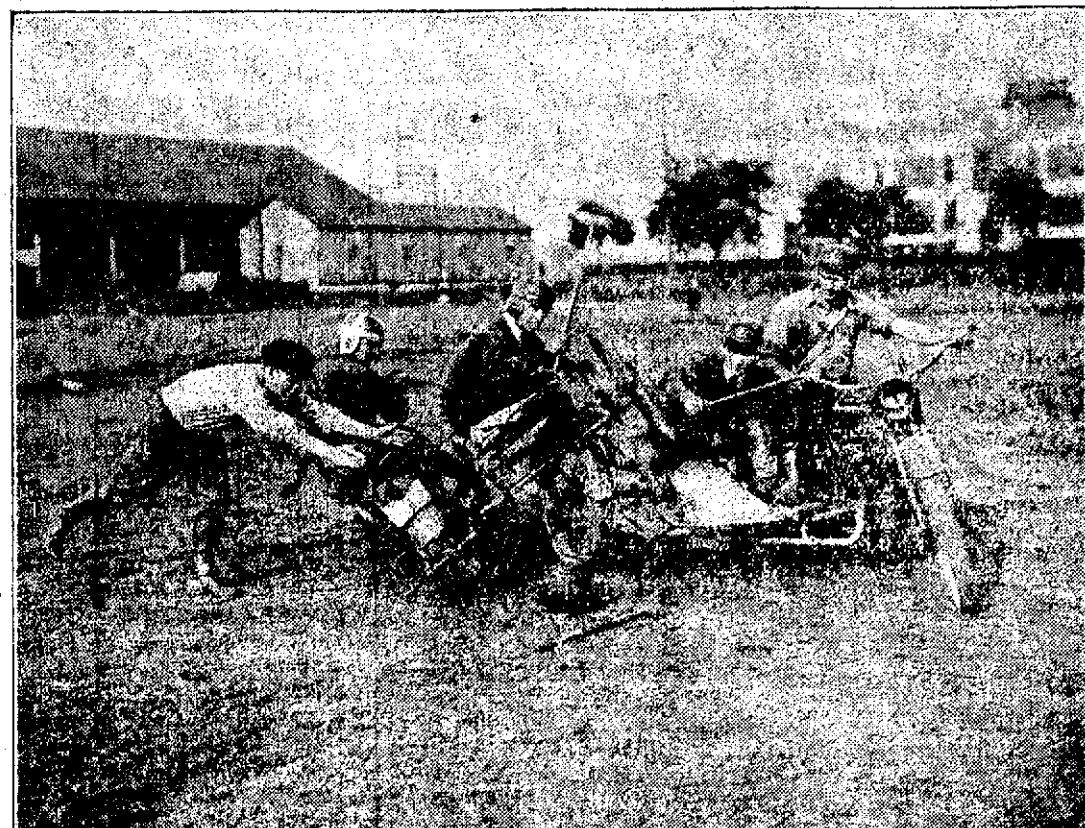

"Your committee would, especially commend for use in the schools of the South a pamphlet by Colonel Huger W. Johnston, of Curryville, Ga., 'The

Truth of the War Conspiracy of 1861," and published by that great hearted Southern historian, Miss Mildred Rutherford.

"This presents the official evidence gathered principally from the United States Government archives, which proves the Confederate War was deliberately and personally conceived and its inauguration made by Abraham Lincoln and that he was personally responsible for forcing the war upon the South."

Impossible?

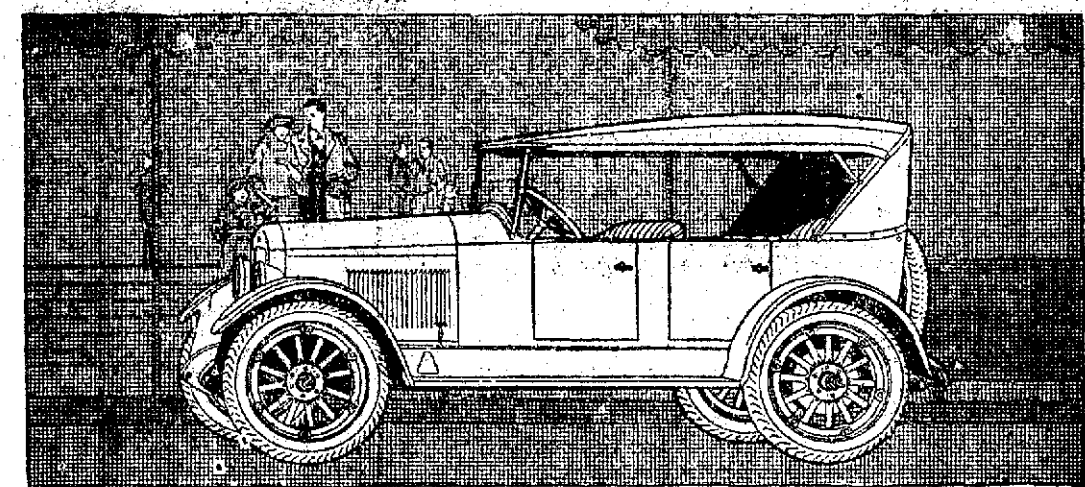

"Dis hyab new minister am sure razed," said the colored woman. "He tole ma husband, what weighs two hundred an' forty pounds, to hewar test he should be weighed in de balance an' four' wantin'."

MOTOR CYCLE 1920

One of the Attractions at the Clearfield Driving Park, on the Fourth of July.

Real Six Cylinder Comfort for \$1065

Sixes run smoother, throttle down lower, pick up faster, climb better—do everything you want a car to do better than a four can do it. You'd sooner drive a six than a four.

And now that the Jewett Six is available at \$1065 F. O. B. factory, there is no reason why you should not have a six. No longer need you put up with the lesser abilities of a four when at this low price you can have not only such performance but also such strength and stability as is yours in the Jewett Six.

Paige-designed and Paige-built the Jewett is above all things a quality automobile. The 50 horsepower, 6-cylinder motor—larger and stronger than that used in any other car in its price class—is built complete in the Paige shops. It is the perfected output of a manufacturing institution that for years has built powerful, smooth-running, capable power plants.

Study the flow of this mighty power as it is delivered in the Jewett chassis back through clutch and gear, drive

shaft and axle and you will find every essential unit remarkably strong and capable. Here is the sound, sturdy construction that will stand up under the hardest work. And it will last the longer, in the Jewett because the inherently balanced, smooth-running six does not jerk and vibrate.

This Six of remarkable performance and unusual strength is available at this low price because of the unusual position of the Paige-Detroit Motor Car Company. With no bonded indebtedness, with great financial strength, with complete facilities, with a rapid turnover of capital, this company was able in producing a new six to take full advantage of the present materials market and to offer you real quality at a price never before possible in a really high-grade six-cylinder automobile.

Ride in a Jewett today and let it prove its strength and power to you in demonstrated performance. We ask the opportunity to prove to you to your own satisfaction that this six does beat fours.

CURWENSVILLE

Rev. Mr. Collins administered the sacrament of baptism by immersion of ten persons last evening.

Today, the store familiarly known as the "Boston Store" assumes its new name "Kantor and Sons." Opened seven years ago under the management of Mr. I. Kantor it has made its place in the business world by its policy of fair and square business dealings with all patrons. The same store, with a new name will carry out this same policy of strict integrity and reliability, which has won for it an enviable reputation during these seven years of business operation in Curwensville.

H. M. Trease and son, of Roaring Spring, were business visitors yesterday.

Miss Madeline Harley left this morning for an extended visit with her father in New Castle.

Mr. and Mrs. Law Sykes and three children, of Ridgway spent yesterday with Josh Sykes and family.

Mrs. Mullen of Clearfield, was a Curwensville shopper Thursday.

Mrs. Chas. Smith, of Akron, Ohio, and Mrs. "Wash" Maitem, of Altoona are guests of Mr. John Porter and family near town.

Mr. and Mrs. Fred Robinson and son Bobby went to Clearfield on Thursday evening and attended "Springtime."

Miss Frances Finbinder, of Clearfield, called on friends in town yesterday.

Messrs. Jerry McNeil and Claude Bloom went to Philipsburg on Thursday to drive home their new Hupmobiles.

Mr. and Mrs. W. K. Wrigley were Clearfield visitors Thursday evening.

Mr. and Mrs. Jay Murphy and Mrs. Shirk motored to Hontsdale on Thursday and called on friends.

Mrs. Maude Pride and son Fredrick have returned from a visit with relatives in Indiana.

Miss Pearl Fisher, of Fruit Hill shopped in town yesterday.

Miss Mary Steller is visiting friends in Clearfield.

Miss Ruth Barber returned to her home in Bellwood yesterday. Mrs. Barber will remain here the guest of friends for a week.

Mr. Porter of Grampian, was a Curwensville shopper yesterday.

Mr. and Mrs. Clark Garber have returned to their home in Lewistown after a pleasant visit with Mrs. Garber's sister, Mrs. Clyde Gates.

Mr. and Mrs. Watson, of Clearfield and son Paul, of Baltimore, and Mrs. Ord. Norris, of Clearfield, spent Friday evening with R. K. Way and family.

Joe Patton, of Philadelphia, is the guest of relatives.

WOODLAND

Herman Livergood, who underwent an operation at the Clearfield Hospital several weeks ago, arrived home on Saturday evening very much improved.

Harry Reed, wife and children, of Clearfield, spent the week end with relatives here.

Mr. and Mrs. E. B. Albert and Mrs. Burk Albert spent Tuesday at Johnstown.

Mrs. Jerry Maines and children are visiting relatives in Osceola Mills this week.

Joseph Lumadue returned home Monday from the Clearfield Hospital where he was operated upon for appendicitis.

Mrs. Ward Maina visited relatives at Karthaus on Wednesday.

Mrs. Albert Peters and children went to Irvona on Wednesday to visit relatives.

The Woodland Citizens Band went

to Beish Town on Monday evening and gave a concert. The boys were greatly pleased by the manner in which they were received and the courtesy extended them by Mr. Lansberry.

G. M. Leach and family left today to visit relatives at Lock Haven.

Mrs. Boyd Powell and children and Mrs. Kephart of Blue Hall, visited Friday at the home of Jno Palmer in Mineral Springs.

Mrs. M. A. Peters and Billy Peters (the Progress Carrier) spent Thursday at the home of Willis Eberts at Clearfield.

Miss Ella May Barger, who has been visiting for a month at the home of her grandmother at Osceola Mills, returned home on Monday evening.

The Misses Amy Livingston, Esther Wisor and Vivian Muir returned Thursday evening from Johnstown where they were attending a convention.

Clifton Mitchell, who has been ill for several weeks is able to be out again.

The P. O. S. of A. held their annual Memorial Service on Thursday evening in the M. E. church.

Eugene Herbert of the U. S. S. Nevada returned to his ship on Sunday morning after spending two weeks vacation at his home here.

The base ball boys have arranged for two games with New Milport on Fourth of July. One game in the forenoon and one in the afternoon.

Northward Flow of Rivers.
Many rivers flow north for part of their course, but because most of the rivers of the central part of the United States are tributaries of the Mississippi, and because of the wedge shape of the continent, not many rivers have a general northerly course. The principal rivers which flow north are: Champlain river and Lake Kanawha river, Red River of the North, St. Mary's river, Kootenai river in part and San Joaquin river.

Knew Him.
A promoter arrived at the gates of heaven, St. Peter, as usual, was on the watch. "Will you kindly step into the lift?" said he. "The company promoter did as he was told, but was kept waiting a long time. At last he grew impatient. 'Will you kindly tell me when the lift goes up?' 'It does not go up,' was the reply. 'It goes down.'—York (England) Post.

Not a Plesiosaurus—

—only the giant anchor on the bow of the majestic, highest passenger liner. But it does look like a prehistoric monster—or a pre-prohibition.

Gorgeous Sales Appearance.

The image is the most extraordinary of four-footed creatures. It is older than new milk, but it is a creature of a color he is the most perfect, something that wears the Terry McGowan of the animal kingdom. For that the world just respect him, even when it shuts its doors in his sad little face.

Much Sand Needed for Glass.

A little less than 2,000,000 tons of sand is used in the United States each year in making glass, according to the experts of the geological survey. Plain sand constitutes from 60 to 75 per cent of the body of all glass, so that our eyes are full of sand most of the time, whether peering through spectacles or gazing out of the office window.

THE HOME RADIO

How to Make and Use It By A. HYATT VERRILL

XIV. INDUCTANCES AND TUNING COILS

In order to receive and hear sounds sent from transmitting stations by radio waves clearly and without interference or confusion, a device of some sort is required which will cut out all waves save those desired. This is known as "tuning" and the instruments or appliances used to accomplish it are called "tuners." There are now a great many different devices for tuning, such as "tuning-coils," loose couplers, vario-couplers, variometers, variable condensers, etc. Of these, all but the variable condensers (which see) are coils of various types, the simplest, but by no means the most efficient, being the simple tuning-coils. These consist of a coil of bare wire wound about a core or cylinder of wood, fibre or pasteboard and provided with sliding contacts as shown in Fig. 30, in which A is the coil, B, the slide rod and C, the slider.

By moving the slider from coil to coil of the wire the wave length of the receiving instruments may be adjusted to catch the desired sounds of that wave length. Such coils are very easily made by winding a pasteboard tube—which should be soaked in melted paraffine to render it waterproof—with bare copper wire about No. 18, making about 40 turns and leaving a space of about 1-16 inch between the turns. If two or more sliders or contacts are arranged still finer adjustment will be attainable while, by providing rotary switches with five contacts as shown in Fig. 31, still better results will be secured. Although, as stated, these coils are easily made, yet they are so cheap that many prefer to purchase them ready made rather than bother making them. Simple coils or inductances, however, are even simpler, as they consist merely of a few turns of insulated copper wire wound on a pasteboard tube, the number of turns depending upon the wave lengths to be received. In some sets there is but one coil or helix Fig. 32,

while in other sets there are two, a primary and secondary Fig. 33, and as a rule the coil should be tapped and the circuit connected at the tap off Fig. 34. This is best done by taking a loop or twist in the wire at the desired point and then continuing winding as Fig. 35. Of course, in making the connection at this tap-off the wire should be scraped free of insulation to make the joint, after which it should be wrapped with adhesive tape. In making these simple inductance coils it is best to put on more turns of wire than you think is actually required, as it is far easier to remove one turn at a time, until the desired wave length is obtained, than it is to add turns after the instruments are set up. Similar simple coils are used in many parts of receiving sets, such as the radio-clock in Fig. 30, L, etc. By making several tap-offs and then leading them to the various contacts of a multiple-point switch, Fig. 36, C, excellent results may be obtained especially with the smaller crystal sets with a single simple coil. Another way by which waves of varying lengths may be received by means of simple coils without tuning devices, is to have several coils of various sizes so arranged that they may be connected or disconnected with your set at will. This may be done either by means of plugs and sockets as in Fig. 38, A, or by switches with several contacts as shown in Fig. 39, B. Still finer adjustment may be obtained by providing each coil with a "slide" or similar tuning device. This will give a wide range of wavelengths and will obviate all need of taking turns off the coils and as such coils are very easy to make you can have as many as you desire of different sizes.

Another very different type of inductance-coil consists of two windings, known as primary and secondary, and are similar to the ordinary sparking coils used in older type automobiles.

LESSON FOR JUNE 25

REVIEW: JUDAH'S PROSPERITY AND ADVERSITY

GOLDEN TEXT—"Blessed is the nation whose God is the Lord."—Ps. 122:1.
PRIMARY AND JUNIOR TOPIC—Men Who Obeyed God.
INTERMEDIATE AND SENIOR TOPIC—True and False Leaders of Judah.
YOUNG PEOPLE AND ADULT TOPIC—Some Lessons From Judah's History.

I. Central Thought of Each Lesson Gathered Around the Key Words of the Day's Lesson Subject, Namely, Prosperity and Adversity.

A good outline is the following from Crannell's Pocket Lessons:

1. Judah's Prosperity. Based on—
(1) Reliance on God, lesson 1.
(2) Courageous Venture for God, lesson 2.
(3) Business Methods for God, lesson 3.
(4) The Vision of God, lesson 5.
(5) The Law and Leadership of God, lesson 7.
(6) Wise Leadership Back to God, lesson 8.
2. Judah's Adversity. Based on—
(1) Presuming Upon God's Blessing, lesson 4.
(2) Presuming Upon God's Purpose, lesson 9.
(3) Rejecting God's Word, lesson 10.
(4) Persecuting God's Messenger, lesson 11.
(5) Disloyalty to God and Man, lesson 12.

II. Golden Text Review.

Assign the texts to your class the preceding Sunday and ask them to show how the lesson illumines the text, or ask the class to prepare on all the texts and have the members of the class draw the text and give the answer.

III. Character Study or Portrait Review.

Assign the following characters the Sunday before: Asa, Josiah, Jehoiada, Uzziah, Isiah, Hezekiah, Hilkiah, Jeremiah, Baruch, Jehoiakim, Ebed-melech, Zedekiah.

IV. The Summary Method.

This method calls for the salient facts of each lesson with a statement of its outstanding teaching.

Note the following suggestions:

Lesson 1. Asa cleared the land of idolatry and called upon Judah to seek the Lord. Because he rested upon the Lord, God gave him victory over his enemies.

Lesson 2. Athaliah attempted to destroy the seed royal and then usurp the throne. Jehoiada checkmated her by hiding away Josiah for six years. At an appointed time Josiah was crowned king and the usurper slain. Every attempt to thwart God's purpose fails.

Lesson 3. Jesus arose from the dead, showed himself to His disciples and sent them forth as witnesses for Him. Certainty of the resurrection of Christ is essential to witness for Him.

Lesson 4. Uzziah made a notable civic and military record, but in his pride he presumptuously intruded into the priest's office. As a judgment God smote him with leprosy. "Pride goeth before destruction, and a haughty spirit before a fall."

Lesson 5. Isiah's vision of God brought him to a sense of his sinfulness. Man's supreme need today is a vision of God.

Lesson 6. Isiah foresaw the end of all strife in the world through the establishment of Christ's kingdom. Peace and restoration shall come to the earth when Christ shall come and remove from men's hearts the cause for strife.

Lesson 7. Hezekiah led his people back to God. This he did by means of the passover feast. The only way for a sinning and divided people to get back to God and be united is around the crucified Lord.

Lesson 8. Through the repairing of the temple the law of God was found. When it was read before the king it brought penitence and sorrow. God accepted his penitence and postponed the evil day.

Lesson 9. Jeremiah was arrested and brought to trial because he boldly proclaimed God's word to the nation. The one whom God calls to proclaim His duty regardless of what men may do unto him.

Lesson 10. Jehoiakim tried to destroy God's Word by burning it. Trying to destroy God's Word will not avert His judgments.

Lesson 11. Because of Jeremiah's fidelity to God he was cast into prison. Casting the prophet into the dungeon will not turn aside God's judgments.

Lesson 12. Nebuchadnezzar captured Jerusalem and carried away the people captives. Though God's judgments tarry they eventually fall.

In His Steps.

For even, heretofore were ye called: because Christ also suffered for us, leaving us an example, that ye should follow his steps.—1 Peter 2:21.

Trusting Men.

The man who trusts men will make fewer mistakes than he who distrusts them.—Cavour.

Silence Is Golden.

Well-timed silence hath more eloquence than speech.—Martin Farquhar Tupper.

Mr. and Mrs. Jack Lester left yesterday for Faust, N. Y., where they will spend the summer.

OBITUARY

PHILIPSBURG BUSINESS MAN DIES

Paul Jones, one of Philipsburg's best known citizens and business men, died suddenly at his home on Friday morning last. The deceased had been in failing health for several months, but his death was sudden and unexpected, being due to heart failure.

The deceased, who was 57 years of age, was born and resided all his life in Philipsburg. He was an expert baseball player in the early '80's and had many warm friends in Clearfield. He is survived by his wife and one daughter, one brother, Edward Jones and one sister, Mrs. W. W. Andrews, both of Philipsburg, also survive.

GEORGE F. HARRIS

Clearfield friends of the family will be grieved to learn of the death of George F. Harris, which occurred at his home in DuBois at 1 o'clock, Friday morning.

The deceased, who was 55 years of age, had been a sufferer from kidney trouble for several years, the past few months of which time he was confined to his room. He was one of DuBois' best known citizens having spent about all his life there. He was train dispatcher for the B. & P. railway Company and also engaged in the real estate and coal business. He was a progressive, public spirited citizen, and enjoyed the respect and unbounded esteem of an exceptionally wide circle of friends.

He is survived by his widow, who bore her marriage was Miss Grace McLoughlin of Clearfield, five daughters and two sons.

His remains will be brought to Clearfield on the B. & P. train on Monday morning and the funeral will be held at St. Francis church at 8:30 o'clock. Interment will be made in Calvary Cemetery.

THE OLD WORKS BEGIN TO STEAM UP!

Apples as Cages.

If you cut open an oak-apple you will find grubs inside from eggs laid by a gall-fly in the soft bud. When the grubs are ready to escape as flies they bore their way through their cage and emerge ready to begin depredations.

City's Dealing With Its Boys.

Boys are full of life and vigor and vim. . . . The problem of the city is to provide wholesome outlets for this boyish vim and vigor, which, in itself, is the hope of the race if it does not go wrong.—Peter A. Mortenson.

Domestic Medley.

Mother (at phone, giving order to grocer and scolding baby in mischievous)—Send me a pound of fresh baby!—butter and—stop that!—two dozen fresh eggs—or mother'll spank you—the last you sent were stale— you naughty boy!—Boston Transcript.

CLEARFIELD, PA.

Tom Sims SAYS--

A man of the hour in China only lasts a few minutes

Misery loves company They come and go together

Losing your temper is a sure sign of bad luck

They sell booze on U S lines The cry is "Don't give up the ship"

No self made man ever left out the working parts

Ante-chive dimmers Summer diseases need them also

Who started the belief that five a m is the time to mow a lawn?

Health hint Swat the flies until you run out of them

Now that women have the hair-cutting craze these long-haired men ought to take it up

The world owes us a living but it pays on the installment plan

A horse ran away on Broadway in New York It is thought that he saw another horse

Ford may want to take over our Government because it is losing money

One sad sight is a fisherman with his arms so full he can't tell about what got away

They are looking for the 12 greatest women Don't leave out the one that makes her own hats

The volcano boiled over in Hawaii probably because of this ancient Hawaiian music

Officials say 85 per cent of us can drive autos But he doesn't say "With one hand"

If you don't give the dog water these hot days he may get mad

A sure sign a man is getting old is when any girl seems to be good looking

Movie actors will not be allowed to kiss the boss They can't act good if they act bad

Most every man knows what he would do if he had the money

They are trying to find how jazz started Since they can't locate one end they look for the other

New styles in men's shoes are so narrow you get corns on your feet looking at them in the window

At the time of going to press Ireland was so quiet you could hear a fight two blocks away

People who get there are going home

Dove says there isn't any hell But he plays safe though

The bartenders who have been at sea can go there now

One funny thing is a woman talking back to a radio set

Amundson says he will stay at the North Pole even if the climate doesn't agree with him

Experience teaches us a lot of things we already knew

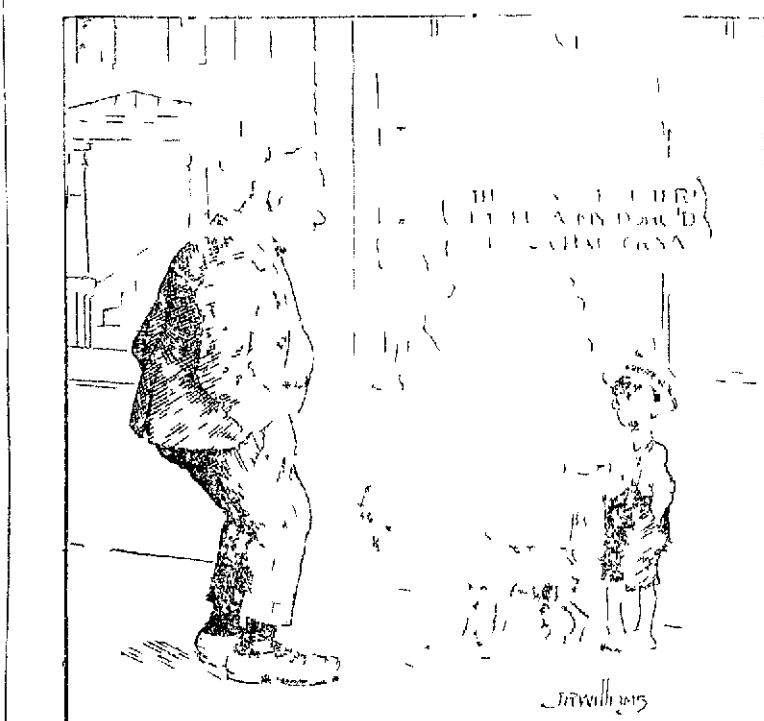

We should hate to work in a drug store and get all the ice cream we wanted free

Who said the cost of necessities was up in 51 cities? A dime golf ball is on the market

Only thing funnier than a country fellow in town is a city fellow in the country

Miss Frances Geppert is spending the week end with friends in Philadelphia, Pa

OUT OUR WAY

PLAQUE TO AMERICAN LEGION

Bronze Souvenir Is Presented to Organization by Le Journal, the Paris Newspaper.

A beautiful bronze souvenir presented by Le Journal of Paris the newspaper which carried the first news of the Yanks activities along the front four and five years ago to the American Legion composed of

Bronze Souvenir From France

those same Yanks has just been installed in the new trophy room at Legion headquarters.

The plaque is in the form of the famous French seven-lives which helped saved Paris during the war. The inscription on the shield says: "The American Legion in recognition of its dead and participation for its members with memories and with hope."

Carrying On With the American Legion

"Main street" has been lifted out of the mud by the American Legion post of Bristol, N.Y. The post assembled 80 men and 40 tons of gravel to the well-known thoroughfare in two days.

It is the aim of the Legion to carry the news to all sections that they can still receive their war insurance policies with all the advantages. This can be done up to March 3, 1922.

American Legion men of Hibbing, Minn., have endowed a bed in their hospital and in the Legion hospital at Rochester to provide emergency treatment for their sick and wounded comrades.

Payment of old debts takes the lead in the spending of the state commission allow once paid by the ex-soldiers of Ohio according to a poll taken by the American Legion. Savings deposits make the second largest item.

Thoughts After Party
For some reason it always makes a wife happy when a man asks if her husband is a better man.

BY WILLIAMS

John A. Bell Makes Full Explanation

(Continued from page 6)

I D. Embertson, Jr. of Allegheny County, for approximately \$100,000. Mr. Bell had asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Subsequently upon request I received this money. I had about 20 checks in all. Upon request I would give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money. Mr. Bell had also asked him to give a receipt for that amount of the commonwealth's money.

ROYALLY ENTERTAINED AT CRYSTAL SPRINGS

The office force of the Gearhart Knitting Machine Company was most enjoyably entertained by Messrs John and Emory Gearhart at the famous Crystal Springs Camp on Friday.

Thursday was spent in rambling over the extensive grounds and in various amusements such as music, card games, dancing, story telling and reciting in the large living room of the camp which is so cozy and comfortable, lighted in the evening as it is by two large fire places. The bountiful spreads at dinner and supper, which were also greatly enjoyed by all added their full measure to a "perfect day."

HEALTH RECORD

DROPS A NOTCH

The health record for the past week was not so satisfactory as that of the week previous. Two cases of diphtheria; one of scarlet fever and one of whooping cough was the total for the week.

There are at present nine cases of communicable diseases under quarantine. They are located as follows:
First Ward—Scarlet fever, 1.
Second Ward—Whooping cough, 6.
Third Ward—Diphtheria, 1.
Fourth Ward—Diphtheria, 1.

Division of Labor.

In the upper Amazon there is an interesting tribe, which, in its division of work, is reminiscent of the guilds of the Middle Ages. One portion makes clothing and nothing else; another one is purely agricultural; another devotes its time and labor to the construction of weapons, and so on. Their pottery, however, is the most notable of their productions. Some of these jars are extremely large but very thin, although strong and durable. Some of the smaller vessels are almost as thin as paper.

Conceit Not of Real Value.

Conceit may puff a man up for a moment, but never for a long time. It is a mighty poor substitute for that real knowledge of self which values at actual worth. The world has use for only the genuine article.

CANDIES BETTER HOME-MADE

COLUMBIA FIRE COMPANY ADDS A NEW SPEED WAGON

Columbia Fire Company, of Osceola installed a dandy new motor driven chemical speed wagon on Wednesday last. The Columbia boys had a motor driven triple combination pumper and needed the "speed wagon" and ladders equipment to complete their outfit.

Columbia Fire Company is one of the most progressive volunteer fire companies in Central Pennsylvania. They not only purchased the new addition to their equipment themselves but have for years owned their own property, even allowing the Borough Council to use same for a public building or office with the look-up in the basement free of rent to the borough.

When their building was destroyed by fire a year or so ago the fire ladders purchased a more centrally located lot and erected a handsome two-story brick house which is a credit to the town.

After reciting the above achievements of this up-to-date organization it is needless to add they are also crackling fire fighters. These Columbia boys are there both ways, from the middle.

SIXTEEN MISSING IN SEA DISASTER

Halifax, N. S. June 24.—Sixteen were missing today in the wreck of the schooner Puritan. The Puritan, from Gloucester, Mass., went ashore off Sable Island last night, according to Superintendent Henry of Sable Island. All of the crew took off in life boats. The captain and seven of the crew were landed safely but sixteen men in two boats were not yet accounted for.

The Telephone's Monologue.

I am a telephone. While I am not broke, I am in the hands of a receiver. I have a mouthpiece, but unlike a woman I never use it. Fellows use me to make dates with girls and girls use me to break said dates. Husbands call up their wives over me and wives call their husbands down over me. I never get to call anywhere, but sometimes the company comes and takes me out. I am not a bee, but I often buzz. I am the "bell" of the town, and while I do not get jewelry, I often get rings—The Northwestern Bell.

Old Inca Used Brass.

That the ancient Inca Indians had a knowledge of brass is shown by the analysis of an axe head composed of a mixture of copper and zinc.

About Two Sets of Brothers

Gerald L. Olmsted (upper left) won highest honors at Annapolis Navy Academy this year while his brother, George (upper right) was second in the class at West Point Military Academy. Albert Vincent Kastner, lower right, graduated from Annapolis while his twin brother, Alfred Eugene Kastner, graduated from West Point.

This Farmerette Is Practical

Adah Proctor, agriculture student at Washington State College, will become a livestock breeder after her graduation. She has already won three prizes with blooded animals.

HAVE YOUR CAR SHINING FOR SUNDAY

You'll probably want to take a little trip on Sunday and you'll want the car in such shape that your wife would like to drive—and no woman wants to start out with a muddy car.

Bring or send it down here and we'll show you what real car washing service is.

Gossip For Tonight's Tea Table

Misses Marilla Edmiston and Mildred Watson leave Monday morning to attend the convention of the Young People's Branch of the W. C. T. U. to be held in DuBois next week.

Miss Anna Gordon, the world's acting president of the W. C. T. U. will be the speaker of the evening at the convention in DuBois Wednesday.

Miss LaRue Chorpennin returned Friday from transacting business in DuBois.

Mrs. Frank Wein and Mrs. John Mitchell of Williamsport are visiting Mrs. E. E. Oratt.

Lady Hills, Rebecca Leake initiated 14 new members Thursday night. About 30 visitors from Houzdale and Osceola Mills were present. Refreshments were served.

Miss Ruth Neal returned from Punxsy to spend the summer here.

Mrs. Laura Stewart and daughter Elizabeth and son Frank have returned from Niagara Falls where they went to meet Grace Stewart who was returning from Grand Rapids, Mich.

A birthday party was held at the home of Max Gardner in honor of his 18th birthday, on Friday evening. There were 92 of his friends present.

The evening was spent in dancing, the music being furnished by Scheele and Rowles.

Mrs. Fred B. Leavy and son are visiting friends in Pittsburgh at present.

Miss Mary Chase, a student at Ann Arbor, Mich., is home for the summer vacation with her parents, Mr. and Mrs. W. A. Chase of Locust street.

Ed Shaw, who underwent a serious surgical operation at the Clearfield Hospital on Thursday last is reported to be getting along satisfactorily.

Miss Wanda Johnston, of Howard Centre Co., is visiting her aunt Mrs. Melvin Schenck of Clearfield.

Miss Ethel Johnson of Mahaffey is spending a few days with Miss Wanda Johnston on Clearfield street.

David Wrigley left last evening for Pittsburgh, where he will meet Mrs. Wrigley and son George, who have been visiting relatives in Akron, Ohio. After spending Sunday with Pittsburgh friends they will return home.

W. P. Bickford, keeper of the Lyman camp at the head of Alex's Branch of Trout Run, was in town yesterday and today making the long hike back to Camp this afternoon.

WOMAN TOO WEAK TO WALK

Now Works Nine Hours a Day—
Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."

—Mrs. L. A. GUIMANN, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Guimann's letter should interest you.

Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.

Mrs. S. P. Shenck and Mrs. Gray Miller entertained at their home on Friday, Miss Wanda Johnston from Howard; Miss Ethel Johnston, of Mahaffey; Mrs. McConville, of Chicago, and her son Edward, and Mrs. Steinlein, her mother of Clearfield.

Greatly Interested.

"The milkmaids of Jamaica are one of the wonders of the island," reported a prominent Bradford (Pa.) business man, after a stay in Montego Bay, Jamaica, B. W. I. "They can carry large cans of milk from mountain ranges to markets on their heads, and over even move the cans as they sell and pour out the milk. They go up stairs and down, and are so adept that when they start up a flight they can spin to fill their pitchers, measuring by amount by the number of steps taken. I watched them many times with great interest and delight."

Last Word in Pathos.

Probably the most pathetic of all the pathetic little features of every day life is some one trying to be funny, who can't.—Ohio State Journal.

Mexican Mad Business Instinct.
During the worst of the world-wide business slump alligators—like everything else were "depressed." A wise Mexican bought up several thousand alligators and held them for rising prices. He is now "cashing in" heavily on his foresight, as the demand for alligator skins is constantly increasing.

NUMBER 147

SUPREME COURT ORDERS NEW TRIAL IN KILLING CASE

Judge Bell Affirmed In
Case Of Allen vs. Buf-
falo, Rochester & Pitts-
burgh Railway Co.

VERDICT FOR \$5,200

Philadelphia, Pa., June 24.—The following decisions were handed down today by the Supreme Court of Pennsylvania: Clearfield, C. F. Allen vs. Buffalo, Rochester & Pittsburgh Railway Company, appellant. Judgment affirmed. Clearfield, C. P. Kelley vs. Director General of Railroads, Appellant. Judgment reversed, and new trial ordered.

These two cases were tried in the Clearfield County Courts in September, 1921. The Allen case grew out of the injury to a DuBois boy at a grade crossing of the B. & P. Railway in that city. The jury rendered a verdict in favor of the plaintiff for \$6700. This the Court cut down to \$5200. The case was handled by John C. Arnold and H. A. Murray for the plaintiff and Miller and Hartzwick for the railroad company.

The Kelley case grew out of the killing of the late Woody Kelley and Dr. Joseph Kallibus of the State Game Commission at a Pennsylvania Railroad grade crossing near Warren. This case in which John C. Arnold and J. A. Gleason represented the plaintiff and O'Laughlin, Fenerty and Kelley the railroad company, resulted in a verdict for the plaintiff in the sum of \$10,000.

JUDGE LANGHAM IS IN LINE FOR FEDERAL POST

It was rumored in Federal Building yesterday that Judge J. N. Langham of Indiana, Pa., would receive the appointment as Federal Judge etc. succeeded the late Charles P. Orr. Judge Langham's name has been mentioned several times and since Attorney Lee C. Beatty refused the office the chances of Judge Langham receiving the appointment are good, it is said.

Judge Langham is not a stranger to local attorneys as he has assisted the judges of the Allegheny county courts in conducting criminal cases. Judge Langham is 57 years old and is a Republican.

WISOR IS WISER AND IRVIN WILL "ERR" NO MORE

A drunken Ford reeled crazily up Third street last night right under the eyes of Mayor Killeberger. The Mayor hopped to a telephone and soon had Chief McMullen and Officer Woolridge on the trail. The reeling Ford was chased to Locust street, where it was found to be populated by two young men named Wisor and Irvin and the remains of a quart of robust moonshine.

The party was trundled to the lock-up where the Mayor, after lecturing the prisoners on the evils of operating an automobile while under the influence of moonshine assessed each man \$12. They were both wiser when they departed for Long Run.

WON THE PRIZE

Miss Dorothy Cowdick won the prize for selling the most tickets for "Springtime" and will receive five chances on the Franklin car to be given away on July 4th by the Legion.

Messrs. A. Wright Bigler, H. P. Burns and Dr. F. D. Leibold of Clearfield, F. F. Kramp, of Madra and David Bell, of Bells Landing left today for the oil fields of Oklahoma to inspect the new wells that recently came in on the Oakfield Co's property in which they and other Clearfield business men are interested. The results of the recent tests on this property have been very gratifying to the stockholders and the above named gentlemen expect to arrange for further development.

MINISTER RATHENAU ASSASSIN'S VICTIM ON WAY TO OFFICE

Berlin, Germany, June 24.—Walter Rathenau, Minister of Foreign Affairs, was killed today by an assassin who threw a hand grenade and then opened fire with a revolver. The assassin escaped. The attack occurred in the Bismarckstrasse just after Rathenau had left his home in Grunewald on his way to his office.

Rathenau ranks with Hugo Stinnes as one of the strongest men in Germany. As leader of the German delegation at the recent Genoa Conference he negotiated the treaty with Soviet Russia which caused considerable comment by the nations of the world.

William Rockefeller, Brother Of John D., Dies Of Pneumonia

North Tarrytown, N. Y., June 24.—William Rockefeller, brother of John D. Rockefeller, died of pneumonia here today. He had been ill only a week. Five physicians were in attendance when Rockefeller, one of the richest men in the world, expired at his home, Rockwood Hall, only a short distance from the home of his brother at Pocantico Hills. Many members of the Rockefeller family were at his bedside when the end came. Pneumonia developed from a cold contracted during the rainy weather which prevailed a short time ago. Mr. Rockefeller was 81 years old, two years younger than John D. and despite his great age fought hard for his life. At the time he was taken ill William Rockefeller was engaged in building a \$250,000 mausoleum in Sleepy Hollow Cemetery after his own plans and under his own direction.

SUNDAY SCHOOL CLASS PICNICKED

Mrs. Aikley's Sunday School Class of the Eleventh Street M. E. church, held a delightful picnic yesterday at Camp Golden Rod. All report a wonderful time.

JOHN A. BELL MAKES FULL EXPLANATION OF "CHECK TRADING" WITH TREASURER

Says It Was For Worthy Purpose And He Would Do The Same Thing Again In Similar Circumstances.

OFFERED TO PAY INTEREST

Pittsburgh, Pa., June 23.—John A. Bell, president of the Colonial Trust company and leader of one of the great financial groups of Western Pennsylvania, today outlined to a correspondent his connection with the revolving fund operation with state funds by Harmon M. Kephart, former State Treasurer.

In his narrative, Mr. Bell disclosed that he had offered to pay the Commonwealth the total amount of interest due on the State funds withheld from deposit by Mr. Kephart. He said he made such an offer to the fiscal officers of the State. They refused to permit him to do so, because they held he was not responsible for the loss.

Mr. Bell's offer to reimburse the Commonwealth was used in the fact that the Carnegie Trust Company of which he also is president, profited by Kephart's delay in depositing the checks sent to the State Treasury by the Allegheny County Treasurer.

It has been estimated by expert accountants that the State has lost approximately \$11,000 in interest through the operations of Mr. Kephart's revolving fund. Mr. Bell offered to make that or any other amount due the Commonwealth good by his personal check but the fiscal officers of the State took the position of the person primarily responsible for withholding Allegheny County tax payments from deposit was responsible for the Commonwealth's pecuniary loss.

Why He Agreed To Plan
Mr. Bell, who a short time ago was

FIFTEEN HUNDRED ALTOONA WORKERS WILL PICNIC HERE

Special Trains Carrying
Multitude Headed by a
Brass Band Will Come
Here Next Wednesday.

GLAD TO HAVE YOU

The name and fame of Clearfield's park is spreading throughout the centre of the State and those who visit it once are sure to come back. Rarely a day that there are not basket picnics or family gatherings in the park this summer and the popularity of the beauty spot is increasing.

Last summer the railroad workers of Altoona came over in special trains to enjoy the day here and so pleased were they with the wonderful little nature spot in this city that they are coming back this year. Last week Mr. A. W. Leitzinger, who looks after the bookings of the park received a request from the picnic committee of the Altoona railroad men for the use of the park on Wednesday, June 28th, and of course the request was very promptly and courteously granted. Thursday he received word from them that they certainly would be here, headed by a brass band and carrying their own ball team and other amusements.

The special trains bringing the crowd, which the committee says, will no doubt reach fifteen hundred, will reach here about ten or eleven o'clock but the exact time of arrival will be better known in a few days, and Clearfield organizations should be on hand to extend a welcome and what ever courtesies that will make their visit pleasant and enjoyable. They will have considerable luggage and it would be a fine thing if Clearfield would transport it to the park for them and make them feel at home. There will be mothers with children, who would appreciate a lift over to the park.

World it not be a good thing for the presidents of the Rotary and Commercial clubs to get together and work out a little system to properly greet these visitors to our city?

GOV. SMALL ORDERS INVESTIGATION

Harris, Ill., June 24. A military board of investigation headed by Attorney General M. J. Forman arrived here today with instructions from Governor Len Small to investigate the bloody Williamson County mine massacre. The board will report to the Governor on whether there is any need for troops to preserve order. A total of twenty-two lives were taken in the massacre. County authorities promised to co-operate with the investigators, but the general attitude of local authorities was that none of the guilty could ever be apprehended.

WU TING FANG DIES IN FLIGHT IS TODAY'S REPORT

Shanghai, June 23.—Wu Ting Fang, former minister to Washington, more recently foreign minister for Sun Yat-Sen in the deposed Southern Republic government at Canton, died at Canton this morning according to a Reuters dispatch.

Wu, an outstanding leader in the politics and jurisprudence of China for many years, remained, at last reports, loyal to Sun Yat-Sen and was believed to have fled Canton with the deposed South China president. The Reuters dispatch gave no details.

Dr. Wu was active in the formation of the Canton government and, as one of its officials, signed the protest which went to Washington accusing Japan of having fomented civil war in China. He worked hard but without marked success to bring the north and south governments in 1919 and 1920.

SPECIAL DEPT AT PRESBYTERIAN CHURCH

The morning service of the Presbyterian church will be featured by a duet by Jean Harbo and Clara Howard Brown. The former title will be "Without God's Presence" and the evening "How a Battle Was Won."

Harvey's Son-in-Law Indicted

Colonel Marcellus Thompson, indicted on a charge of conspiring to ship machine guns to Irish rebels, has pleaded not guilty to the indictment at Newark, N. J. Col. Thompson, son-in-law of Col. George Harvey, U. S. ambassador to Great Britain, is shown on the right examining a new machine gun invented by his father, General John P. Thompson.

AUTHORITIES TAKE DRASTIC ACTION TO PREVENT TROUBLE IN W. VA. DISTRICT

Clarksburg, West Va., June 24.—This coal mining center armed itself today in anticipation of further trouble between striking miners and strike breakers. Sheriff Young said that members of the Veterans of Foreign Wars and civic bodies, numbering less than five hundred, have voluntarily pledged themselves to prevent further bloodshed, such as occurred on Friday when a mob attacked a street car here. The entire community is aroused, Sheriff Young said, and we are determined that the County Court has authorized the Sheriff to deputize 1500 men if necessary to prevent further clashes. Coal operators seek to have injunctions granted Monday to prevent further interference with working miners.

GOV. SMALL ORDERS INVESTIGATION

Harris, Ill., June 24. A military board of investigation headed by Attorney General M. J. Forman arrived here today with instructions from Governor Len Small to investigate the bloody Williamson County mine massacre. The board will report to the Governor on whether there is any need for troops to preserve order. A total of twenty-two lives were taken in the massacre. County authorities promised to co-operate with the investigators, but the general attitude of local authorities was that none of the guilty could ever be apprehended.

WU TING FANG DIES IN FLIGHT IS TODAY'S REPORT

Shanghai, June 23.—Wu Ting Fang, former minister to Washington, more recently foreign minister for Sun Yat-Sen in the deposed Southern Republic government at Canton, died at Canton this morning according to a Reuters dispatch.

Wu, an outstanding leader in the politics and jurisprudence of China for many years, remained, at last reports, loyal to Sun Yat-Sen and was believed to have fled Canton with the deposed South China president. The Reuters dispatch gave no details.

SPECIAL DEPT AT PRESBYTERIAN CHURCH

The morning service of the Presbyterian church will be featured by a duet by Jean Harbo and Clara Howard Brown. The former title will be "Without God's Presence" and the evening "How a Battle Was Won."

Clearfield Scorns Red Coats for Bank Messengers, but Urges Purple for Bootleggers

Red is radical and Clearfield is conservative; therefore local bankers turn a cold shoulder to the proposal of Wall Street financiers that bank messengers be dressed in scarlet coats so police can identify and protect them.

"It would be rather predominant, wouldn't it?" is the usual reception given the idea. As a counter suggestion, Clearfield proposes that bootleggers be attired in purple jackets because they, too, carry large sums of money.

BROWN BOOT SHOP WILL BE OPENED IN PHILIPSBURG

Fred J. Brown, of the Brown Boot Shops, with stores in Clearfield, DuBois, Pottsville, Indiana and Bradock, is arranging to add one more link to his chain of stores and in a few weeks will have store No. 7 in operation in the town of Philipsburg. Mr. Brown has purchased the Coal Exchange hotel property in that town from George Miller and will convert the first floor of same into an up-to-date business house. In sneaking of the deal the Philipsburg Journal of Friday evening says:

Mr. Brown, at the earliest possible date, will open a shoe store in his newly purchased property.

The building will be vacated by Mr. Miller and family by July 15th. It will then be extensively remodeled. The first floor is to be dropped to the street level, the partitions torn out and the entire first story, 36 by 70 feet, with a new addition to be erected in the rear, will be used as a sales and stock room. The new store, it is said, will carry an immense stock embracing all kinds of footwear with styles, qualities and prices to suit all kinds of people with their various tastes and purchasing power and limitations. The plan is to make the store a retail market for shoe buyers throughout the Philipsburg coal region.

The second and third floors of the building will be converted into apartments.

REV. WILBURN IS FOUND GUILTY IN SECOND DEGREE

Charleston, W. Va., June 23.—The Rev. J. E. Wilburn, charged with fatally shooting a Logan deputy in the miner's march last August in the southern coal fields, tonight was found guilty of murder in the second degree by a jury.

The jury was out for one hour and 35 minutes. The defendant, who has remained unmoved during the two weeks of his trial, received the verdict in the same calm manner that has marked his bearing during the past two weeks. His attitude was one almost of indifference.

BUSINESS MEN PLANNING TO MAKE FOURTH PARADE BETTER THAN EVER; SIXTY-FIVE ENTRIES HAVE SO FAR BEEN RECEIVED

One of the big features of the American Legion's Big Fourth of July celebration for Clearfield will be the industrial parade which aims to show to the people of this section of Pennsylvania who will attend that celebration just what constitutes our community from a business standpoint and just what it is and who it is that makes our little city one of the busiest and most substantial municipalities in Pennsylvania.

The industrial parade, it will be recalled, was the real feature of last year's celebration, and that time but thirty-six of our leading business houses and industrial concerns were represented. This year the committee in charge report no less than sixty-three entries and expect many more before the list close.

Handsome Prizes To Be Given
The Legion has arranged for three handsome prizes to be awarded the best appearing floats. They will be awarded as follows:

A silver loving cup will be given to the most beautiful float in line. All floats representing business or industrial firms are eligible to compete for this prize.

A silver loving cup will be given for the float or exhibition that contains the best advertising features that are appropriate to the business place it represents. All floats representing business or industrial firms are eligible to compete for this cup.

A silver loving cup will be given to the Club, Society or Fraternal Organization that has the best float or exhibition in the parade. In determining the winner of this prize, the judges will take into consideration beauty, originality and whether or not the float or exhibition is appropriate to the fraternal organization, club or society that it represents.

List of Entries To Date

Below is printed a complete list of all the industrial and business organizations and societies that have signified their intention of entering a float in this year's parade.

In case there are any omissions or corrections kindly notify the American Legion Parade Committee by card or calling the Legion room, phone 1883. It is hoped that a few of the business places that could not give the parade committee a definite answer concerning whether or not they would have a float in the parade, will be able to call and let them know at this time.

REMARKABLE ESCAPE FOR AUTOIST HELD UNDER CAR IN WATER

Held under nine feet of water for three minutes by an overturned car was the frightful experience of Joe Gallo of South Bethlehem when his car plunged into the South Side mill race at 8 o'clock Sunday night.

Gallo, who was driving a Buick car, was accompanied by Bob Goheen. They were making the established detour around the mill race and when approaching the bridge at the West Penn power house, the car struck a rut and turned turtle into the race, pinning Gallo underneath. Goheen got free of the machine and swam to shore.

Glenn Shumaker, who is employed at the power house, heard the smash and securing a long-handled rake, extended it to Gallo who was making frantic efforts to release himself from underneath the car. He was still conscious and, taking a firm hold on the rake, he was pulled to safety. Dr. J. A. Robinson was passing at the moment and stopped to give aid but artificial respiration was not necessary and after a few dazed minutes Gallo was able to be taken home.

SPECIAL SUNDAY AT MT. ZION

Tomorrow afternoon a Company of Gospel workers will visit Mt. Zion, where special religious services are arranged. The entire Mt. Zion community is deeply interested in the program for this gathering.

HYDE CITY PEOPLE PLEAD FOR RIGHTS ON PUBLIC ROADS

Hyd. City residents are complaining bitterly of the way automobile drivers and speeding and otherwise violating the State laws governing the operation of motor vehicles on the public highway. The people of that section are required to use the State Road as a footwalk, there being no other provision for pedestrians to travel through the village and while we know there are a whole lot of auto drivers who feel a pedestrian is a trespasser on the public highway the poor meek and lowly foot walker has a right to be "tooted" aside rather than catapulted off the road by a fast running automobile.

The State authorities have been appealed to and an organized effort will be made to slow down traffic to a decent pace through this village.

Arson Burglars Terrorize L. I. Residential Section; Loot, Then Burn Homes

Delport, N. Y., June 24.—Arson burglars today terrorized the exclusive residential section of Long Island where many millionaires, Judges and business men have their summer homes. The residence of Dr. Philip D. Becker has been burned by the burglars, after they had looted it and isolated it by cutting the telephone wires.

S-P-O-R-T-S

— OF ALL SORTS —

SPORT BULLETIN OF COMMUNITY SERVICE TO WISE YOU UP

The games of the last two weeks have brought some changes in the standings of the base ball teams in the Community Service Sunday School leagues, which is now as follows:

SENIOR LEAGUE		
Won	Lost	
W. S. M. E. Brotherhood	4 0	1,000
W. S. C. I. C. Team	2 2	500
Lutherans	1 1	500
Presbyterians	4 4	.000

JUNIOR LEAGUE		
Won	Lost	
St. Francis	3 1	.750
West Side M. E.	2 2	.500
Presbyterians	1 1	.500
Trinity M. E.	0 2	.000

The following is next week's schedule:

SENIOR LEAGUE
Tuesday, June 27th, 6 p. m. West Side M. E. Brotherhood Team vs. Lutherans.

Thursday, June 29th, 6 p. m. West Side M. E. C. I. C. vs. Presbyterians.

JUNIOR LEAGUE
Tuesday, June 27th, 4:30 p. m. West Side M. E. Brotherhood Team vs. Lutherans.

Thursday, June 29th, 6 p. m. West Side M. E. C. I. C. vs. Presbyterians.

JUNIOR LEAGUE
Tuesday, June 27th, 4:30 p. m. West Side M. E. vs. Presbyterians.

Thursday, June 29th, 2 p. m. Trinity M. E. vs. St. Francis.

This last game will be played as part of the attractions of Kiddies Day. All of the above games will be played at the Driving Park.

In the Community Service Twilight League the American Legion Team scored a one sided victory over the Odd Fellows, who were playing their first game together yesterday at the Park. The schedule for that league next week is as follows:

Monday, June 26th, on Reedsville Grounds, 6 p. m. Odd Fellows vs. Gearhart's Knitting Machine Co. Team.

Wednesday, June 28th, on Reedsville Grounds, 6 p. m. Knight's of Columbus vs. Reedsville Indians.

Friday, June 30th, Driving Park, 6 p. m. Red Mer vs. American Legion.

The lower diamond at the Driving Park will be not in shape for playing within a week, so that games in the above leagues can be played there on the evenings when the Legion team is practicing on the main diamond. Until then it is going to be necessary to play two of these games each week on the Reedsville diamond.

No Charge!

There are a lot of things we do here at no charge, without regard to whether your battery is a Willard or not.

There are other things, such as repairs, recharging and so on, that we have to charge for, but even with them, we throw in a good measure of service that we never ask you to pay for.

We're Battery Headquarters—and we give the same careful attention to all makes of batteries. Come in, and get acquainted.

New Barnyard Golf Courts

Clearfield, June 23, 1922.—Horse Shoe Editor The Progress: Work on a new horse shoe and quoit court was begun today on the Community play ground at the corner of 4th and Reed Sts. by the employees of Clearfield Machine Shops, which when completed, which will be in a few days, will be the finest in town. There will be four separate courts, regulation distance, and as Mr. Reed has promised the necessary lighting facilities this will be the ideal place to enjoy this popular pastime. The Machine Shops has a number of pitchers who "toss a mighty wicked shoe" but have been somewhat handicapped on account of not having a good court on which to practice, but with a little work out on the new courts will be ready and anxious to tackle anything that ever sighted through a horse shoe—from the top-notchers clear on down the line to the Progress team. Please print a set of rules for quoit pitching and we will show you some "pitchin' what is pitchin'."

A Ghost Story

Just before this building collapsed in Buffalo, N. Y., Louise Miller, a tenant, warned the 20 occupants to get out, saying the ghost of her soldier brother had warned her of the danger. The occupants left the building and none were injured.

Special at your dealer's

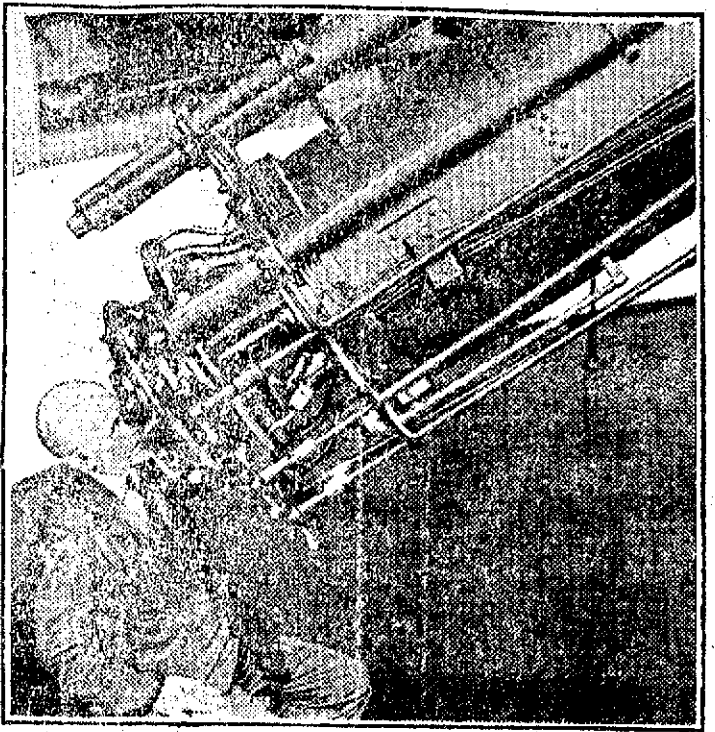

Lemon-CRUSH sherbet

A delicious dinner dessert! The rare refreshment of cooling Sherbet plus the tempting tang of Lemon-Crush. An especially-prepared sherbet flavor furnished by the makers of the famous "Crush" beverages. If you're entertaining this week, delight your guests by serving this Special Sherbet. Young and old will welcome it. Order from your dealer. He will promptly supply you.

Keystone Ice Cream Co.

Licensed in this territory to make genuine Orange-Crush, Lemon-Crush and Lime-Crush ice creams, ices and sherbets. The "Crush" flavors are delicious compounds of fruit oils and fruit juices obtained from oranges, lemons or limes, U. S. certified food color and pure cane sugar. Prepared only by Orange-Crush Company, Chicago, Winnipeg, London.

White Spots on Mars Turn Green

Professor Hall, astronomer at the U. S. Naval Observatory near Washington, D. C., takes a peep at Mars through the gigantic telescope. He says the only recent change in the planet is that white spots previously seen have turned green.

History of Bread Making.
It is said that the Chinese made bread from wheat and rice as early as 1000 B. C. Probably the first bread made from yeast was baked in England about 1631. Aerated bread, which rises from carbonic acid gas injected into the dough, became somewhat common in 1837, but practically all bread, bakery-made or home-made, owes its leavening to yeast or baking powder.

Timber Preservative.
In some of the Western mines the water that is pumped from the mine contains a considerable amount of copper sulphate, and experiments have shown that this acts as a preservative in protecting the mine timbers against decay. Timbers which have been allowed to soak in this mine water for two or three weeks, sometimes outlast three sets of untreated timbers.—Popular Mechanics Magazine.

Fordson THE UNIVERSAL TRACTOR

Henry Ford

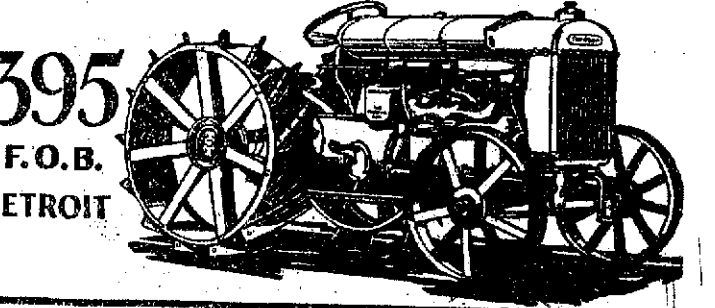

HENRY FORD was 35 years getting ready for the new price on the Fordson. He started as a farm boy, planning to get rid of the drudgery, long hours and low money return that has always faced the farmer.

He wanted to furnish you with a tractor that would not only do your work better and faster, but at lower costs—and the 170,000 Fordsons now in use have proved that he has accomplished these things.

What you get in the Fordson for \$395 f. o. b. Detroit is the greatest farm power unit ever offered.

Let us show you how a Fordson will cut farm costs, increase your bank account and take the drudgery out of farm work. Write, phone or call.

CLEARFIELD CENTRAL GARAGE CO.

\$395 F.O.B. DETROIT

Will Grow in Trees.
One of the first flowers to greet us in the spring and one that blooms along into early summer, is the dainty Ghost or Great chickweed, says the American Forestry Magazine. One cannot pass this weed of chickweed without noticing its pretty white flowers. Sometimes the seeds of this plant will find their way into some crotch of a tree. Then we have the pleasure of seeing a fine specimen flourishing quite a distance up from terra firma, and often doing better than those on the ground.

Quick Relief for Eczema

San Cura Ointment is a Marvellous Ointment for Many Other Distressing Ailments.

San Cura Ointment has cured many cases of itching, bleeding and protruding piles. It has drawn the poison from and completely healed running sores and fever sores which were so old and chronic that everyone who saw them considered them hopeless.

San Cura Ointment is guaranteed by your local druggist to do as stated above and also to banish tetter, salt rheum, boils, carbuncles, to heal ulcers, cuts, burns, scalds and bruises, or money back.

The same guarantee holds good for chilblains, chapped hands and face, so you risk not a penny when you buy a jar for 35c, 65c and \$1.25 at all Drug Stores.

FREE!

To the man having the largest number of votes this month (June), an Elgin Watch, 19 jewels, 25 year case, worth going after. It's absolutely a Free Gift, from me to the man elected to have it. Being Sure About Milk Is The One Thing To Assure Yourself Of These Warm Days

Of course you're drinking milk and probably more than you have drank for a long time. And as the summer gets rightly under way you want to be sure that the milk that yourself and your kiddies drink is the purest you can find.

Such a milk is the milk that we are daily serving to our customers. It comes from farms where the producer takes care that the nutriment is of a high order. As soon as the milk reaches our plant it undergoes the pasteurization process, which does away with all the germs.

THE MAN WITH DOUBLE BRAIN

Hayward Thompson, Memory Shocked During World War, Writes With Both Hands.

The majority of us do well to write legibly with either of our hands, but when a man is found who can write with both hands simultaneously, and more than that—when he can write forward with one hand and backward with the other, it is evident that he has a perfect right to the title of "Mystery Man." Hayward Thompson, an ex-service man in Denver, Colo., is just such a man. Due to a severe injury to his head, received during the war, he has what is known as a "double brain." One side of this brain directs the writing of one hand while the other side governs the other hand.

Thompson's memory reaches back only to the time when he left a hospital some months ago. He remembers nothing of his life before that time. It was through the veterans' bureau that he established his identity as Hayward Thompson. Of his family, former friends, his work and home before the war and his activities during the war, he has been able to learn nothing. The veterans' bureau and the Colorado department of the American Legion have been making every effort to help Thompson learn of his past.

THE REAL UNKNOWN SOLDIER

Child of Streets, Picked Up by Kind-hearted Brothers, Never Knew Who He Was.

Tragic though the story is of a soldier whose identity was lost after his life had gone out on the field of battle and whose cross in Flanders simply says, "Unknown Soldier," his story is not shot through with such pathetic glory as is the story of a lad who never knew who he was and who gave his life for a country in which he had never known a mother's love or a father's pride. Every mother who does not know just where her son is buried, weeps over the grave of the unknown soldier, thinking that perhaps he is her son. Over the grave of the boy who has always been unknown there are no mourners.

A tiny bundle of humanity was picked up in a Baltimore street some twenty years ago; it was a baby boy. When after a thorough search, no one was found who would claim him, he was taken to be reared by two brothers, who gave him the name of Edward John Evangelist Smith. When he was old enough, they sent him to Mount Saint Mary's school to be educated. In 1917, before the boy's education was finished, a Marine recruiting officer visited Mount Saint Mary's. His story of the country's need for men caused "Smith," as he had come to be known, to enlist. He went overseas and took part in every engagement in which the Fifth regiment of marines participated. On the morning on which the armistice was signed, one of the last German bullets flying whizzed "Smithy" as his victim Wells Hawkes, "Smithy's" captain, has started a fund to erect a monument to "Smithy"; a child of the street, an unknown lad in school, the real unknown soldier!

WOUNDED ON ARMISTICE DAY

Buckeye Naval Officer Holds Distinction of Being Injured in Action After Close of War.

O. O. Rolf of Toledo, O., holds the unique distinction of being a United States naval officer wounded in action after the signing of the armistice which closed the World War. As a naval lieutenant and executive officer of a merchant ship, Rolf was severely wounded when his ship was fired on by a German submarine as it left La Palis, France, on the afternoon of November 11, 1918.

After several months in hospitals in England and on the continent, Rolf returned to America and resumed the practice of law in Toledo.

Soldiers Classed With Idiots. Soldiers and sailors, along with felons, idiots and insane people are denied the right of suffrage in certain states of the Union. It is pointed out by a writer in the American Legion Weekly. He quotes from the World Almanac, which says that because of their occupation, soldiers and sailors are not allowed to vote in the following states: Indiana, Missouri, Nebraska, North Dakota, Ohio, Oregon, Texas and West Virginia.

Few Suicides in Ireland. Ireland is said to have fewer suicides than any other country.

ODDS AND ENDS AND THINGS

By J. D. C.

The War Department has recently announced that the Citizens Military Training Camps will be held this summer. The camps of the Third Corps Area will be established from July 27th to August 26th, both dates inclusive, at Camp Meade, Md., Fort Monroe, Va., Camp Humphries, Va., Camp Holabird, Md., and Langley Field, Va.

It is not entirely with a military purpose in view that Congress has appropriated money for the maintenance of these camps. Studies upon a group of 2,500,000 young men between the ages of 18 and 30 years, disclosed the fact that 408 per 1000 presented physical defects. Some 60,000 examined in Maryland present 526 out of each 1,000 not sound. It was realized that the effect upon the social and industrial life of the nation would be momentous should this condition be allowed to continue and passed on to the coming generations. Particularly was this fact important, as the survey showed 70% of the existing physical defects may have been prevented and much of the same be arrested or corrected even now, through personal hygiene, development exercises, or minor medical treatment.

A schedule of instruction has been carefully mapped and the best talent of the army placed in charge of the camps. Four hours each week day will be devoted to drill, field maneuvers, setting up exercises, range practice, use of modern signalling devices (including the wireless telephone, etc.) There will also be spectacular demonstrations of all arms of the service, by Tanks, Artillery, Cavalry and of the Air Service. Motion pictures will be utilized as method of instruction, showing the activities of the war zone. The afternoons will be spent in supervising athletics and will include field sports, baseball, swimming, tennis, etc.

No angle through which the youths attending may be improved mentally, physically or morally, will be neglected. Each individual is given a careful and thorough physical survey his parents or guardian notified by letter of any defect and the means of correction advised by a board of the ablest specialists of the Army Medical Corps. If defective he is placed in a special class for development treatment and his exercise graded according to his ability. He is fed by especially trained officers with especially provided and carefully selected diet. His work and his play is supervised by medical officers and his moral tone is looked after by red blooded chaplains. He retires early in well ventilated and sanitary barracks. He is taught neatness, and acquires an ability to look out for himself, his employer, and family through the fact that he will do what his boss (twenty years in the business) tells him to do.

The Government pays his railroad fare, clothes and feeds him the best. He is given opportunity to take side trips to points of interest within the vicinity of his camp. If he did hap-

A High Cradle

This kid is just as thrilled as though it were being rocked in a tree top, for Jan Van Albert is nine feet, five inches tall. He entertained the kids at the Elk frolic in Pittsburgh, Pa.

pen to get sick he gets the care that only the very best and most expensive hospitals could give. In the 1487 youths at Camp Meade last summer there was not one serious case of illness or one single accident during their stay in camp. But they do average a gain in weight of 4 1-2 pounds and slightly less than one inch in chest measurement.

Many letters from grateful parents have been received by the authorities and it is regretted that many of those who will apply must be rejected by reason of the limited number the camps will be able to care for. Application should be made to the Commanding General, Third Corps Area, Baltimore, Maryland.

"The war between the States was deliberately and personally conceived and its inauguration made by President Lincoln and he was personally responsible for forcing the war upon the South, declared a report submitted today by the Historical Committee and unanimously adopted by the United Confederate Veterans.

The report recommended that a history written by Colonel Huger W. Johnston, of Curryville, Ga., and published by Miss Mildred Rutherford, of Athens, Ga., be used in the Southern schools. The text of the committee's report reads as follows:

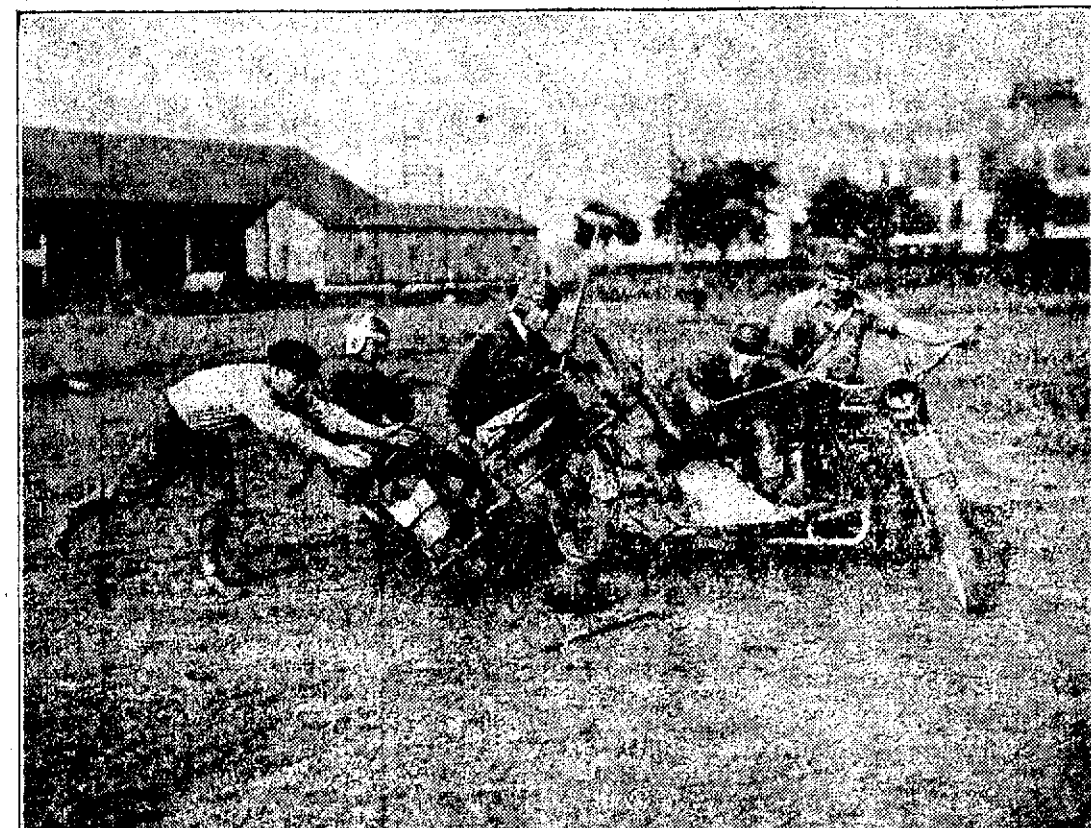

"Your committee would, especially commend for use in the schools of the South a pamphlet by Colonel Huger W. Johnston, of Curryville, Ga., 'The

Truth of the War Conspiracy of 1861," and published by that great hearted Southern historian, Miss Mildred Rutherford.

"This presents the official evidence gathered principally from the United States Government archives, which proves the Confederate War was deliberately and personally conceived and its inauguration made by Abraham Lincoln and that he was personally responsible for forcing the war upon the South."

Impossible?

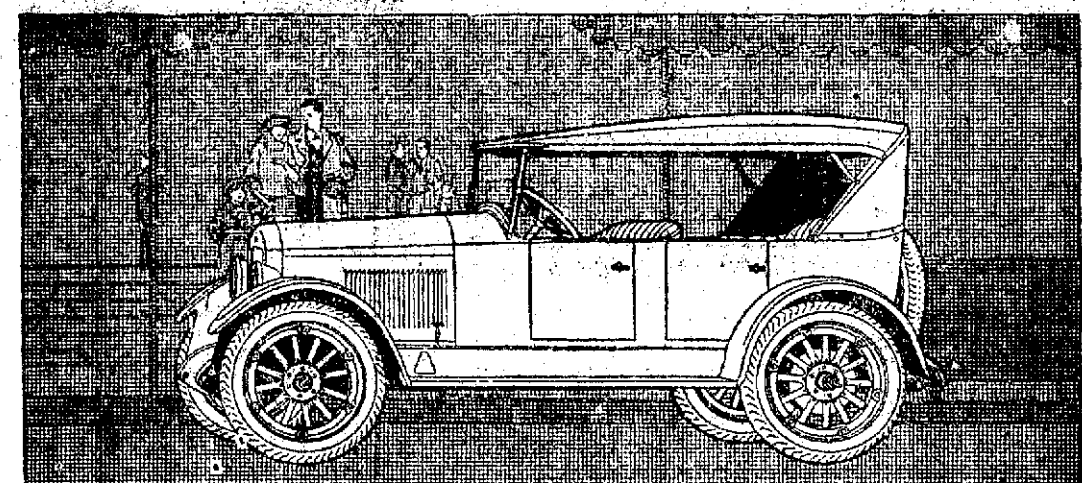

"Dis hyab new minister am sure razed," said the colored woman. "He tole ma husband, what weighs two hundred an' forty pounds, to hewar test he should be weighed in de balance an' four' wantin'."

MOTOR CYCLE LOLO

One of the Attractions at the Clearfield Driving Park, on the Fourth of July.

Real Six Cylinder Comfort for \$1065

Sixes run smoother, throttle down lower, pick up faster, climb better—do everything you want a car to do better than a four can do it. You'd sooner drive a six than a four.

And now that the Jewett Six is available at \$1065 F. O. B. factory, there is no reason why you should not have a six. No longer need you put up with the lesser abilities of a four when at this low price you can have not only such performance but also such strength and stability as is yours in the Jewett Six.

Paige-designed and Paige-built the Jewett is above all things a quality automobile. The 50 horsepower, 6-cylinder motor—larger and stronger than that used in any other car in its price class—is built complete in the Paige shops. It is the perfected output of a manufacturing institution that for years has built powerful, smooth-running, capable power plants.

Study the flow of this mighty power as it is delivered in the Jewett chassis back through clutch and gear, drive

shaft and axle and you will find every essential unit remarkably strong and capable. Here is the sound, sturdy construction that will stand up under the hardest work. And it will last the longer, in the Jewett because the inherently balanced, smooth-running six does not jerk and vibrate.

This Six of remarkable performance and unusual strength is available at this low price because of the unusual position of the Paige-Detroit Motor Car Company. With no bonded indebtedness, with great financial strength, with complete facilities, with a rapid turnover of capital, this company was able in producing a new six to take full advantage of the present materials market and to offer you real quality at a price never before possible in a really high-grade six-cylinder automobile.

Ride in a Jewett today and let it prove its strength and power to you in demonstrated performance. We ask the opportunity to prove to you to your own satisfaction that this six does beat fours.

CURWENSVILLE

Rev. Mr. Collins administered the sacrament of baptism by immersion of ten persons last evening.

Today, the store familiarly known as the "Boston Store" assumes its new name "Kantor and Sons." Opened seven years ago under the management of Mr. I. Kantor it has made its place in the business world by its policy of fair and square business dealings with all patrons. The same store, with a new name will carry out this same policy of strict integrity and reliability, which has won for it an enviable reputation during these seven years of business operation in Curwensville.

H. M. Trease and son, of Roaring Spring, were business visitors yesterday.

Miss Madeline Harley left this morning for an extended visit with her father in New Castle.

Mr. and Mrs. Law Sykes and three children, of Ridgway spent yesterday with Josh Sykes and family.

Mrs. Mullen of Clearfield, was a Curwensville shopper Thursday.

Mrs. Chas. Smith, of Akron, Ohio, and Mrs. "Wash" Maitem, of Altoona are guests of Mr. John Porter and family near town.

Mr. and Mrs. Fred Robinson and son Bobby went to Clearfield on Thursday evening and attended "Springtime."

Miss Frances Finbinder, of Clearfield, called on friends in town yesterday.

Messrs. Jerry McNeil and Claude Bloom went to Philipsburg on Thursday to drive home their new Hupmobiles.

Mr. and Mrs. W. K. Wrigley were Clearfield visitors Thursday evening.

Mr. and Mrs. Jay Murphy and Mrs. Shirk motored to Hontsdale on Thursday and called on friends.

Mrs. Maude Pride and son Fredrick have returned from a visit with relatives in Indiana.

Miss Pearl Fisher, of Fruit Hill shopped in town yesterday.

Miss Mary Steller is visiting friends in Clearfield.

Miss Ruth Barber returned to her home in Bellwood yesterday. Mrs. Barber will remain here the guest of friends for a week.

Mr. Porter of Grampian, was a Curwensville shopper yesterday.

Mr. and Mrs. Clark Garber have returned to their home in Lewistown after a pleasant visit with Mrs. Garber's sister, Mrs. Clyde Gates.

Mr. and Mrs. Watson, of Clearfield and son Paul, of Baltimore, and Mrs. Ord. Norris, of Clearfield, spent Friday evening with R. K. Way and family.

Joe Patton, of Philadelphia, is the guest of relatives.

WOODLAND

Herman Livergood, who underwent an operation at the Clearfield Hospital several weeks ago, arrived home on Saturday evening very much improved.

Harry Reed, wife and children, of Clearfield, spent the week end with relatives here.

Mr. and Mrs. E. B. Albert and Mrs. Burk Albert spent Tuesday at Johnstown.

Mrs. Jerry Maines and children are visiting relatives in Osceola Mills this week.

Joseph Lumadue returned home Monday from the Clearfield Hospital where he was operated upon for appendicitis.

Mrs. Ward Maina visited relatives at Karthaus on Wednesday.

Mrs. Albert Peters and children went to Irvona on Wednesday to visit relatives.

The Woodland Citizens Band went

to Beish Town on Monday evening and gave a concert. The boys were greatly pleased by the manner in which they were received and the courtesy extended them by Mr. Lansberry.

G. M. Leach and family left today to visit relatives at Lock Haven.

Mrs. Boyd Powell and children and Mrs. Kephart of Blue Hall, visited Friday at the home of Jno Palmer in Mineral Springs.

Mrs. M. A. Peters and Billy Peters (the Progress Carrier) spent Thursday at the home of Willis Eberts at Clearfield.

Miss Ella May Barger, who has been visiting for a month at the home of her grandmother at Osceola Mills, returned home on Monday evening.

The Misses Amy Livingston, Esther Wisor and Vivian Muir returned Thursday evening from Johnstown where they were attending a convention.

Clifton Mitchell, who has been ill for several weeks is able to be out again.

The P. O. S. of A. held their annual Memorial Service on Thursday evening in the M. E. church.

Eugene Herbert of the U. S. S. Nevada returned to his ship on Sunday morning after spending two weeks vacation at his home here.

The base ball boys have arranged for two games with New Millport on Fourth of July. One game in the forenoon and one in the afternoon.

Northward Flow of Rivers.
Many rivers flow north for part of their course, but because most of the rivers of the central part of the United States are tributaries of the Mississippi, and because of the wedge shape of the continent, not many rivers have a general northerly course. The principal rivers which flow north are: Champlain river and Lake Kanawha river, Red River of the North, St. Mary's river, Kootenai river in part and San Joaquin river.

Knew Him.
A promoter arrived at the gates of heaven. St. Peter, as usual, was on the watch. "Will you kindly step into the lift?" said he. "The company promoter did as he was told, but was kept waiting a long time. At last he grew impatient. 'Will you kindly tell me when the lift goes up?' 'It does not go up,' was the reply. 'It goes down.'—York (England) Post.

Not a Plesiosaurus—

—only the giant anchor on the bow of the majestic, highest passenger liner. But it does look like a prehistoric monster—or a pre-prohibition.

Gorgeous Sables Appearance.

The mink is the most extraordinary of four-toed creatures. It is older than man, but it is a naturalist's pet because of its resemblance of a cobra he is the most vicious, rampaging thing that wears an the Terry McGowan of the animal kingdom. For that the world must respect him, even when it shuts its doors in his sad little face.

Much Sand Needed for Glass.

A little less than 2,000,000 tons of sand is used in the United States each year in making glass, according to the experts of the geological survey. Plain sand constitutes from 60 to 75 per cent of the body of all glass, so that our eyes are full of sand most of the time, whether peering through spectacles or gazing out of the office window.

THE HOME RADIO

How to Make and Use It By A. HYATT VERRILL

XIV. INDUCTANCES AND TUNING COILS

In order to receive and hear sounds sent from transmitting stations by radio waves clearly and without interference or confusion, a device of some sort is required which will cut out all waves save those desired. This is known as "tuning" and the instruments or appliances used to accomplish it are called "tuners." There are now a great many different devices for tuning, such as "tuning-coils," loose couplers, vario-couplers, variometers, variable condensers, etc. Of these, all but the variable condensers (which see) are coils of various types, the simplest, but by no means the most efficient, being the simple tuning-coils. These consist of a coil of bare wire wound about a core or cylinder of wood, fibre or pasteboard and provided with sliding contacts as shown in Fig. 30, in which A is the coil, B, the slide rod and C, the slider.

By moving the slider from coil to coil of the wire the wave length of the receiving instruments may be adjusted to catch the desired sounds of that wave length. Such coils are very easily made by winding a pasteboard tube—which should be soaked in melted paraffine to render it waterproof—with bare copper wire about No. 18, making about 40 turns and leaving a space of about 1-16 inch between the turns. If two or more sliders or contacts are arranged still finer adjustment will be attainable while, by providing rotary switches with five contacts as shown in Fig. 31, still better results will be secured. Although, as stated, these coils are easily made, yet they are so cheap that many prefer to purchase them ready made rather than bother making them. Simple coils or inductances, however, are even simpler, as they consist merely of a few turns of insulated copper wire wound on a pasteboard tube, the number of turns depending upon the wave lengths to be received. In some sets there is but one coil or helix Fig. 32,

while in other sets there are two, a primary and secondary Fig. 33, and as a rule the coil should be tapped and the circuit connected at the tap off Fig. 34. This is best done by taking a loop or twist in the wire at the desired point and then continuing winding as Fig. 35. Of course, in making the connection at this tap-off the wire should be scraped free of insulation to make the joint, after which it should be wrapped with adhesive tape. In making these simple inductance coils it is best to put on more turns of wire than you think is actually required, as it is far easier to remove one turn at a time, until the desired wave length is obtained, than it is to add turns after the instruments are set up. Similar simple coils are used in many parts of receiving sets, such as the radio-clock in Fig. 30, L, etc. By making several tap-offs and then leading them to the various contacts of a multiple-point switch, Fig. 36, excellent results may be obtained especially with the smaller crystal sets with a single simple coil. Another way by which waves of varying lengths may be received by means of simple coils without tuning devices, is to have several coils of various sizes so arranged that they may be connected or disconnected with your set at will. This may be done either by means of plugs and sockets as in Fig. 38, A, or by switches with several contacts as shown in Fig. 39, B. Still finer adjustment may be obtained by providing each coil with a "slid" or similar tuning device. This will give a wide range of wavelengths and will obviate all need of taking turns off the coils and as such coils are very easy to make you can have as many as you desire of different sizes.

Another very different type of inductance-coil consists of two windings, known as primary and secondary, and are similar to the ordinary sparking coils used in older type automobiles.

LESSON FOR JUNE 25

REVIEW: JUDAH'S PROSPERITY AND ADVERSITY

GOLDEN TEXT—"Blessed is the nation whose God is the Lord."—Ps. 122:1.
PRIMARY AND JUNIOR TOPIC—Men Who Obeyed God.
INTERMEDIATE AND SENIOR TOPIC—True and False Leaders of Judah.
YOUNG PEOPLE AND ADULT TOPIC—Some Lessons From Judah's History.

I. Central Thought of Each Lesson Gathered Around the Key Words of the Day's Lesson Subject, Namely, Prosperity and Adversity.

A good outline is the following from Crannell's Pocket Lessons:

1. Judah's Prosperity. Based on—
(1) Reliance on God, lesson 1.
(2) Courageous Venture for God, lesson 2.
(3) Business Methods for God, lesson 3.
(4) The Vision of God, lesson 5.
(5) The Law and Leadership of God, lesson 7.
(6) Wise Leadership Back to God, lesson 8.

2. Judah's Adversity. Due to—
(1) Presuming Upon God's Blessing, lesson 4.
(2) Presuming Upon God's Purpose, lesson 9.
(3) Rejecting God's Word, lesson 10.
(4) Persecuting God's Messenger, lesson 11.
(5) Disloyalty to God and Man, lesson 12.

II. Golden Text Review.

Assign the texts to your class the preceding Sunday and ask them to show how the lesson illumines the text, or ask the class to prepare on all the texts and have the members of the class draw the text and give the answer.

III. Character Study or Portrait Review.

Assign the following characters the Sunday before: Asa, Josiah, Jehoiada, Uzziah, Isaiah, Hezekiah, Hilkiah, Jeremiah, Baruch, Jehoiakim, Ebed-melech, Zedekiah.

IV. The Summary Method.

This method calls for the salient facts of each lesson with a statement of its outstanding teaching.

Note the following suggestions:

Lesson 1. Asa cleared the land of idolatry and called upon Judah to seek the Lord. Because he rested upon the Lord, God gave him victory over his enemies.

Lesson 2. Athaliah attempted to destroy the seed royal and then usurp the throne. Jehoiada checkmated her by hiding away Josiah for six years.

At an appointed time Josiah was crowned king and the usurper slain. Every attempt to thwart God's purpose fails.

Lesson 3. Jesus arose from the dead, showed himself to His disciples and sent them forth as witnesses for Him. Certainty of the resurrection of Christ is essential to witness for Him.

Lesson 4. Uzziah made a notable civic and military record, but in his pride he presumptuously intruded into the priest's office. As a judgment God smote him with leprosy. "Pride goeth before destruction, and a haughty spirit before a fall."

Lesson 5. Isaiah's vision of God brought him to a sense of his sinfulness. Man's supreme need today is a vision of God.

Lesson 6. Isaiah foresaw the end of all strife in the world through the establishment of Christ's kingdom. Peace and restoration shall come to the earth when Christ shall come and remove from men's hearts the cause for strife.

Lesson 7. Hezekiah led his people back to God. This he did by means of the passover feast. The only way for a sinning and divided people to get back to God and be united is around the ordained Lord.

Lesson 8. Through the repairing of the temple the law of God was found. When it was read before the king it brought penitence and sorrow. God accepted his penitence and postponed the evil day.

Lesson 9. Jeremiah was arrested and brought to trial because he boldly proclaimed God's word to the nation. The one whom God calls to proclaim His duty regardless of what men may do unto him.

Lesson 10. Jehoiakim tried to destroy God's Word by burning it. Trying to destroy God's Word will not avert His judgments.

Lesson 11. Because of Jeremiah's fidelity to God he was cast into prison. Casting the prophet into the dungeon will not turn aside God's judgments.

Lesson 12. Nebuchadnezzar captured Jerusalem and carried away the people captives. Though God's judgments tarry they eventually fall.

In His Steps.

For even, heretofore were ye called: because Christ also suffered for us, leaving us an example, that ye should follow his steps.—1 Peter 2:21.

Trusting Men.

The man who trusts men will make fewer mistakes than he who distrusts them.—Cavour.

Silence Is Golden.

Well-timed silence hath more eloquence than speech.—Martin Farquhar Tupper.

Mr. and Mrs. Jack Lester left yesterday for Faust, N. Y., where they will spend the summer.

CHURCHES

UNITED BRETHREN CHURCH

Announcements, Sunday 25.
Prayer Service 9:15 a. m.
Sunday School 9:45 a. m.

11 A. M. Morning Worship. Subject "Our Gifts". We desire every member to be present for this service. Don't

OBITUARY

PHILIPSBURG BUSINESS MAN DIES

Paul Jones, one of Philipsburg's best known citizens and business men, died suddenly at his home on Friday morning last. The deceased had been in failing health for several months, but his death was sudden and unexpected, being due to heart failure.

The deceased, who was 57 years of age, was born and resided all his life in Philipsburg. He was an expert baseball player in the early '80's and had many warm friends in Clearfield. He is survived by his wife and one daughter, one brother, Edward Jones and one sister, Mrs. W. W. Andrews, both of Philipsburg, also survive.

GEORGE F. HARRIS

Clearfield friends of the family will be grieved to learn of the death of George F. Harris, which occurred at his home in DuBois at 1 o'clock, Friday morning.

The deceased, who was 55 years of age, had been a sufferer from kidney trouble for several years, the past few months of which time he was confined to his room. He was one of DuBois' best known citizens having spent about all his life there. He was train dispatcher for the B. & P. railway Company and also engaged in the real estate and coal business. He was a progressive, public spirited citizen, and enjoyed the respect and unbounded esteem of an exceptionally wide circle of friends.

He is survived by his widow, who bore her marriage was Miss Grace McLoughlin of Clearfield, five daughters and two sons.

His remains will be brought to Clearfield on the B. & P. train on Monday morning and the funeral will be held at St. Francis church at 8:30 o'clock. Interment will be made in Calvary Cemetery.

THE OLD WORKS BEGIN TO STEAM UP!

Apples as Cages.

If you cut open an oak-apple you will find grubs inside from eggs laid by a gall-fly in the soft bud. When the grubs are ready to escape as flies they bore their way through their cage and emerge ready to begin depredations.

City's Dealing With Its Boys.

Boys are full of life and vigor and vim. . . . The problem of the city is to provide wholesome outlets for this boyish vim and vigor, which, in itself, is the hope of the race if it does not go wrong.—Peter A. Mortenson.

Domestic Medley.

Mother (at phone, giving order to grocer and scolding baby in mischievous)—Send me a pound of fresh baby!—butter and—stop that!—two dozen fresh eggs—or mother'll spank you—the last you sent were stale— you naughty boy!—Boston Transcript.

HEALTH RECORD

DROPS A NOTCH

The health record for the past week was not so satisfactory as that of the week previous. Two cases of diphtheria; one of scarlet fever and one of whooping cough was the total for the week.

There are at present nine cases of communicable diseases under quarantine. They are located as follows:
First Ward—Scarlet fever, 1.
Second Ward—Whooping cough, 6.
Third Ward—Diphtheria, 1.
Fourth Ward—Diphtheria, 1.

Division of Labor.
In the upper Amazon there is an interesting tribe, which, in its division of work, is reminiscent of the guilds of the Middle Ages. One portion makes clothing and nothing else; another is purely agricultural; another devotes its time and labor to the construction of weapons, and so on. Their pottery, however, is the most notable of their productions. Some of these jars are extremely large but very thin, although strong and durable. Some of the smaller vessels are almost as thin as paper.

Conceit Not of Real Value.
Conceit may puff a man up for a moment, but never for a long time. It is a mighty poor substitute for that real knowledge of self which values at actual worth. The world has use for only the genuine article.

CANDIES BETTER HOME-MADE

There's a taste to our home-made candies that no factory-made product can approach and you'll find that the candy you get here from our own work room is better than you thought.

COLUMBIA FIRE COMPANY ADDS A NEW SPEED WAGON

Columbia Fire Company, of Osceola installed a dandy new motor driven chemical speed wagon on Wednesday last. The Columbia boys had a motor driven triple combination pumper and needed the "speed wagon" and ladders equipment to complete their outfit.

Columbia Fire Company is one of the most progressive volunteer fire companies in Central Pennsylvania. They not only purchased the new addition to their equipment themselves but have for years owned their own property, even allowing the Borough Council to use same for a public building or office with the look-up in the basement free of rent to the borough.

When their building was destroyed by fire a year or so ago the fire ladders purchased a more centrally located lot and erected a handsome two-story brick house which is a credit to the town.

After reciting the above achievements of this up-to-date organization it is needless to add they are also crackling fire fighters. These Columbia boys are there both ways, from the middle.

SIXTEEN MISSING IN SEA DISASTER

Halifax, N. S. June 24.—Sixteen were missing today in the wreck of the schooner Puritan. The Puritan, from Gloucester, Mass., went ashore off Sable Island last night, according to Superintendent Henry of Sable Island. All of the crew took off in life boats. The captain and seven of the crew were landed safely but sixteen men in two boats were not yet accounted for.

The Telephone's Monologue.
I am a telephone. While I am not broke, I am in the hands of a receiver. I have a mouthpiece, but unlike a woman I never use it. Fellows use me to make dates with girls and girls use me to break said dates. Husbands call up their wives over me and wives call their husbands down over me. I never get to call anywhere, but sometimes the company comes and takes me out. I am not a bee, but I often buzz. I am the "bell" of the town, and while I do not get jewelry, I often get rings—The Northwestern Bell.

Old Inca Used Brass.
That the ancient Inca Indians had a knowledge of brass is shown by the analysis of an axe head composed of a mixture of copper and zinc.

About Two Sets of Brothers

Gerald L. Olmsted (upper left) won highest honors at Annapolis Navy Academy this year while his brother, George (upper right) was second in the class at West Point Military Academy. Albert Vincent Kastner, lower right, graduated from Annapolis while his twin brother, Alfred Eugene Kastner, graduated from West Point.

This Farmerette Is Practical

Adah Proctor, agriculture student at Washington State College, will become a livestock breeder after her graduation. She has already won three prizes with blooded animals.

HAVE YOUR CAR SHINING FOR SUNDAY

You'll probably want to take a little trip on Sunday and you'll want the car in such shape that your wife would like to drive—and no woman wants to start out with a muddy car.

Bring or send it down here and we'll show you what real car washing service is.

Gossip For Tonight's Tea Table

Misses Marilla Edmiston and Mildred Watson leave Monday morning to attend the convention of the Young People's Branch of the W. C. T. U. to be held in DuBois next week.

Miss Anna Gordon, the world's acting president of the W. C. T. U. will be the speaker of the evening at the convention in DuBois Wednesday.

Miss LaRue Chorpennin returned Friday from transacting business in DuBois.

Mrs. Frank Wein and Mrs. John Mitchell of Williamsport are visiting Mrs. E. E. Oratt.

Lady Hills, Rebecca Leake initiated 14 new members Thursday night. About 30 visitors from Houzdale and Osceola Mills were present. Refreshments were served.

Miss Ruth Neal returned from Punxsy to spend the summer here.

Mrs. Laura Stewart and daughter Elizabeth and son Frank have returned from Niagara Falls where they went to meet Grace Stewart who was returning from Grand Rapids, Mich.

A birthday party was held at the home of Max Gardner in honor of his 18th birthday, on Friday evening. There were 92 of his friends present.

The evening was spent in dancing, the music being furnished by Schee-ley and Rowles.

Mrs. Fred B. Leavy and son are visiting friends in Pittsburgh at present.

Miss Mary Chase, a student at Ann Arbor, Mich., is home for the summer vacation with her parents, Mr. and Mrs. W. A. Chase of Locust street.

Ed Shaw, who underwent a serious surgical operation at the Clearfield Hospital on Thursday last is reported to be getting along satisfactorily.

Miss Wanda Johnston, of Howard Centre Co., is visiting her aunt Mrs. Melvin Schenck of Clearfield.

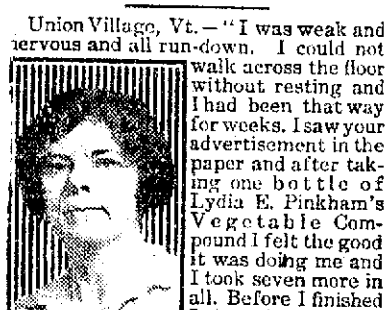

Miss Ethel Johnson of Mahaffey is spending a few days with Miss Wanda Johnston on Clearfield street.

David Wrigley left last evening for Pittsburgh, where he will meet Mrs. Wrigley and son George, who have been visiting relatives in Akron, Ohio. After spending Sunday with Pittsburgh friends they will return home.

W. P. Bickford, keeper of the Lyman camp at the head of Alex's Branch of Trout Run, was in town yesterday and today making the long hike back to Camp this afternoon.

WOMAN TOO WEAK TO WALK

Now Works Nine Hours a Day—
Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."

—Mrs. L. A. GUIMANN, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Guimann's letter should interest you. Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.

Be There!—You're Expected!!

Mrs. S. P. Shenck and Mrs. Gray Miller entertained at their home on Friday, Miss Wanda Johnston from Howard; Miss Ethel Johnston, of Mahaffey; Mrs. McConville, of Chicago, and her son Edward, and Mrs. Steinlein, her mother of Clearfield.

Greatly Interested.
"The milkmaids of Jamaica are one of the wonders of the island," reported a prominent Bradford (Pa.) business man, after a stay in Montego Bay, Jamaica, B. W. I. "They can carry large cans of milk from mountain ranges to markets on their heads, and over even move the cans as they sell and pour out the milk. They go up stairs and down, and are so adept that when they start up a flight they can spin to fill their pitchers, measuring by amount by the number of steps taken. I watched them many times with great interest and delight."

Last Word in Pathos.
Probably the most pathetic of all the pathetic little features of every day life is some one trying to be funny, who can't.—Ohio State Journal.

Mexican Mad Business Instinct.
During the worst of the world-wide business slump alligators—like everything else were "depressed." A wise Mexican bought up several thousand alligators and held them for rising prices. He is now "cashing in" heavily on his foresight, as the demand for alligator skins is constantly increasing.

Don't neglect that cough. Wenc's Glyceroide or Tar and Wild Cherry will give relief without harmful dose or alcohol. 25c and 50c.

600 DAY OLD PEEPS LEFT

They will be 10 cents for White Leghorns, 12 cents for Rhode Island Reds.

WHAT OF THE FUTURE?

You cannot see into it—possibly a good thing, but one thing you're sure of, your family looks to you for adequate protection and the thing for you to do is obviously plain in providing for the future of your loved ones in case you should be suddenly snatched away from them as the bread winner.

Let me come to your home some evening and explain the various points of our policies.
